I want to express my objection to the proposed apartment complex. One huge objection is to the increased traffic getting in and out of the area. The drawing I saw shows the only outlet for the project will be on Rapids Drive. The corner of Rapids and River Road is already congested during high traffic times before and after work and school. It seems to take forever to turn left from Rapids to River during those times. We also already have a large apartment complex on Clearwater Lane, do we really need more that close? It seems like a lot in a small area. Additional two family condos like the ones already in the area or more single family housing would be more acceptable in the area.
Please vote no to this proposal and zoning change.
