---

To whom it may concern,

I am writing to state my interest in the Waukesha landmark commission position. I believe I am a good candidate for this position as I am currently a member of the Waukesha Preservation Alliance and I've always had a strong interest in Waukesha history. I have done research on Waukesha history and continue to do so as it has always sparked my interest. I understand the position of the Landmark Association is to protect and enhance the city. I have worked in Waukesha in the past as a Special Education teachers assistant/aid and have a lot of knowledge dating back to the Springs era. I understand that this will be a 3-year position that will meet at the first Wednesday of each month. I would be honored to take on the opportunity to provide services to our vital community.

## Education:

Waukesha South

UW-Lacrosse

Sincerely,

Julie Scarpace
