Committee: Landmarks Commission	Meeting Date: 11/1/2025
Item Number: ID#25-02451	
Subject: Discussion and action on allocating remaining Paint & Repair Grant funds.	

Details: Over the course of this year, the Landmarks Commission has approved eleven Paint and Repair Grants, for a total of \$21,418.00. That leaves \$3,582.00 remaining in the 2025 fund. One grant request on the agenda for the November meeting would be eligible for the \$3,000.00 maximum grant based on the Landmarks Commission's typical standards. If the Landmarks Commission chooses to approve a \$3,000.00 grant, \$582.00 will remain in the 2025 fund.

The money needs to be allocated, and ideally spent, in 2025. It is unlikely that the Landmarks Commission will receive any new applications for December, and even less likely that the work will be completed in 2025. In the past, the Landmarks Commission has increased the allocations to previously approved work at the November meeting to spend any un-allocated grant money.

In addition to the remaining 2025 grant money, \$350.00 remains from a 2024 project which has not been completed. The grantee has continued to state that he expects to have the work done soon, but at this point the Landmarks Commission should consider whether to re-allocate that money to a 2025 project to get it spent.
