Mary Berg, Recreation Service Manager
RE: Large Gathering Precautionary Guidelines

Approve the use of the Waukesha County Large Gathering Recommendation released on March 24, 2021 as a guideline for the WPRF indoor and outdoor special events, rentals, athletic rental, volunteer activities and programs. Effective, Tuesday, April 20, the guideline would allow the indoor special events, rentals, athletic rentals and programs to run at the standard capacity loads with the exception of assembly events that would be adjusted to allow a 6 foot buffer between people. Social distancing, separation of groups and mask wearing CDC guidelines would still be followed. Outdoor events would continue to include no capacity limits when safety measures are in place.
