Ald. Cory Payne commented how there is parking behind the building that never seems to be full. He also mentioned how it should be iterated to the businesses that employees should be parking in the back and keep the convenient parking in the front for patrons. The committee would like to see the parking stay as 1-hour parking to keep better consistency along with keeping it easier on enforcement. This item is being held to have further discussions with Ald. Halvensleben and the business owners regarding the parking situation.

A motion was made by Ald. Cory Payne, seconded by Ald. Mike Chrisien to hold this item. The motion carried by the following vote:

Ald. Cassandra Rodriguez asked if Ald. Wuteska has coordinated with PD to know if this intersection has been patrolled to see if vehicles are in fact running through the stop signs, and that was not known at the time of the meeting. Ald. Cassandra Rodriguez would like to see enforcement first before additional signs are installed.

A motion was made by Ald. Mike Chrisien, seconded by Ald. Mike Anderson to rescind the previously approved resolution dated 2/16/1983 of "Remove the school crossing on Guthrie Rd. at Indianwood Lane and establish a school crossing on Guthrie Rd. at Mohawk Lane" be recommended for Council Consent. E. [ID#24-8842](#) Review the turn lanes at the end of Summit Avenue and Morgan Avenue.

Attachments: [24-8842 Summit Ave pavement marking update](#)

Ald. Mike Chrisien asked if this section of Summit Avenue is unique to itself or if we would be setting a precedence for this type of layout. Derrin Wolford responded to say that this area is unique because of the quickly changing cross section of the roadway from Grandview Boulevard to Sylvan Terrace, so this section would get its own unique pavement marking layout and design. Ald. Mike Anderson asked if the westbound left turn storage at Grandview Boulevard would be long enough. Derrin Wolford responded to say that it should be long enough as the last traffic count showed the highest hourly volume for that left turn was 72 vehicles, so there would be about 2-3 vehicles making that movement every cycle which should provide enough storage. Those left turners could also storage in the hatched out area as well. Ald. Cassandra Rodriguez asked if it would make sense to have the westbound through lane at Morgan Avenue be changed to a left turn only lane then have the right turn only change to a through right. Derrin Wolford said engineering wanted the through lane where it is as it better lines up with the westbound through lane at Grandview Boulevard and help avoid vehicles changes lanes in the middle of the intersection which is an illegal movement. Ald. Cory Payne asked if there should be turn lane arrows in the median area. Derrin Wolford responded as to not over design the area more where this design provides the opportunity to be more restrictive in the future if necessary.

A motion was made by Ald. Cassandra Rodriguez, seconded by Ald. Mike Chrisien to update the pavement marking along Summit Avenue from Grandview Boulevard to east of Sylvan Terrace be recommended for Council Consent. The motion carried by the following vote:

Aye: 4 - Mike Chrisien, Mike Anderson, Cory C. Payne and Cassandra Rodriguez

Attachments: [24-8847 Moreland Blvd no engine braking sign](#)
[BG Resolution for the 2-5-2024 Consent](#)

Ald. Mike Chrisien feels as if the language of the sign is counterintuitive to him; however, this is the language WisDOT allows within their permitted right-of-way.

A motion was made by Ald. Cory Payne, seconded by Ald. Cassandra Rodriguez to install an "Engine Brake Mufflers Required" sign for westbound Moreland Boulevard west of Manhattan Drive be recommended for Council Consent. The

motion carried by the following vote:
