Hi Chris,

Thanks for the email. I will need to check our usage history with the water utility to verify when a credit can be calculated. A one-time sewer credit is available for such things as watering to establish a lawn. What is your address so I can get the process started?

Thanks,
Alex

Good Morning,

I apologize for the late notice but earlier this month I received a courtesy card from the Waukesha Water Utility Group regarding my water usage. As it turns out my water usage during the quarter was 33,200 gallons as opposed to the 12,700 gallons typically used during that period. This was due to some work I had done at my house which resulted in reseeding of my lawn. The water that was used should not have impacted the sewer in any way and I'm curious if I can be credited for my bill (my bill was well over \$500.00 for that period). My account number is 118771759, and if you have any questions or concerns please feel free to contact me at any of the numbers below.

Thanks,
Chris
