Waukesha Water Utility
PO Box 1648
Waukesha, WI 53187

To whom it may concern,

We put in a new lawn this summer at our home. I called and was told that we are eligible for a 1 time credit on our bill and all I needed to do was send a letter explaining the situation. Based on a water reading date of 8/20/18 our water usage was up 52,400 gallons in that quarter over the prior year. As stated this increase was due to watering and obviously none of that usage was sewer related. Based on the wastewater use charge We are requesting a credit on our account for \$346.89 (52.40 X \$6.62).

Our account number is 118781759
Customer number is 054919

If you have any questions please contact my fiancée, Doug Venenga. Doug can be reached at any of the following:
