Details:
 TiPPS Courts is a 2019 Municipal Court CIP project, and will replace existing Phoenix court software. The Municipal Court's goals are to increase revenue by having automated entry vs manual entry, which can take several days to complete. It currently takes Court staff about 1 week to 2 weeks to submit all outstanding debt to State Debt Collection (SDC) and the Tax Intercept Program (TRIP). TiPPS Courts will update SDC and TRIP automatically. Additionally, TiPPS automatically reports to the Department of Transportation when someone updates information on a case within the TiPPS system.
