

MEMORANDUM

DATE: May 14, 2015

TO: Daniel Duchniak, General Manager

FROM: Donna Scholl, CPA
Administrative Services Manager

RE: Memorandum of Understanding with the City – 2015 Debt

I would like to recommend that the Commission approve a Memorandum of Understanding with the City of Waukesha. The Memo provides a plan for the Utility to repay the City for the GO debt that the City has agreed to issue on our behalf. The Memo will be similar to the one the Commission signed in 2014. It is attached.

As you know the City has agreed to issue debt in order to provide financing for the pursuit of Waukesha's future water supply. The City recognizes that the citizens are best served by issuing General Obligation (GO) Bonds rather than the more expensive Water Revenue Bonds. Furthermore, they have the excess debt capacity to do so.

The Memorandum is consistent with the direction that the Utility received from the Commission during the 2015 budget process.

As always, I am happy to answer any questions you might have.

Recommended Motion . . .

. . . to approve the Memorandum of Understanding with the City of Waukesha, wherein the Utility agrees to make the debt service payments on the 2015 NAN of \$6.990 million and the 2015 GO Bonds of \$5.415 million.

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding dated May 21, 2015, is entered into between the City of Waukesha, Wisconsin (the "City") and the Waukesha Water Utility (the "Water Utility").

Recitals

The Water Utility is currently undertaking the construction of improvements to the Water Utility system (the "2015 Projects"). The 2015 Projects have been financed on an interim basis through the issuance by the City of its Note Anticipation Notes, Series 2015C, dated May 12, 2015 (the "2015 NANs"). The Water Utility desires to finance the 2015 Projects on a long-term basis through the issuance by the City of general obligation promissory notes or refunding bonds.

The City has also issued its \$5,415,000 General Obligation Refunding Bonds, Series 2015B, dated May 12, 2015 (the "2015 G.O. Refunding Bonds") to provide long-term financing for the Water Utility projects which the City financed on an interim basis through the issuance of its Note Anticipation Notes, Series 2014C, dated April 8, 2014.

The City is willing to finance the 2015 Projects in this manner and to issue the 2015 G.O. Refunding Bonds, provided that the Water Utility agrees to provide the City with revenues in amounts sufficient to pay the principal of and interest on the 2015 NANs and the 2015 G.O. Refunding Bonds (collectively, the "City's Securities").

The purpose of this Memorandum is to set forth the terms upon which the City's Securities have been issued and to describe the Water Utility's obligation to pay or reimburse the City for payment of debt service on the City's Securities.

Terms of Financing

A. The 2015 NANs

The 2015 NANs have been issued by the City pursuant to Section 67.12(1)(b) of the Wisconsin Statutes. The 2015 NANs are in the principal amount of \$6,990,000, mature on July 1, 2016, and are subject to redemption at the option of the City on April 1, 2016, or on any date thereafter. The debt service schedule for the 2015 NANs is attached to this Memorandum as Exhibit A.

B. The 2015 G.O. Refunding Bonds

The 2015 G.O. Refunding Bonds were issued by the City pursuant to Section 67.04 of the Wisconsin Statutes. The 2015 G.O. Refunding Bonds are in the principal amount of \$5,415,000, and principal of and interest on the 2015 G.O. Refunding Bonds are payable on the dates and in the amounts shown on the debt service schedule attached to this Memorandum as Exhibit B.

C. Payment of the Debt Service on City's Securities

It is intended that the Water Utility will be responsible for paying the City, out of the revenues of the Water Utility, amounts sufficient to pay the principal and interest on the City's Securities on each debt service payment date.

Dated this 21st day of May, 2015.
