<b>Subject:</b> <b>Minor Site Plan &amp; Architectural Review – 1601 Milky Way Road pump station – City of Waukesha– Proposed new back up generator.</b>	

**Details:**  
The City of Waukesha will be adding minor upgrades to the existing Milky Way Rd sanitary sewage pump station. A new backup generator will be added along with the necessary switches, controls, and other electrical items. This will allow the station to automatically switch over to generator power in a power outage without the need for Clean Water Plant staff to bring a portable generator to the site. Other minor changes will be made to the existing drive apron to direct storm water away from the station.

**Options & Alternatives:**

**Staff Recommendation:**  
Staff recommends approval for the proposed improvements to the pump station at 1601 Milky Way Road.
