Subject: Install Autistic Child sign on Valley Hill Drive.	

Details:
This item was referred by Public Works to have a warning sign installed on Valley Hill to warn drivers of the potential for an autistic child that may be present in the area. This type of signing has been installed in the past on Victoria Drive and School Drive. Although the Department of Public Works feels that signing of this nature is not very effective, it can be installed as a warning sign with the stipulation that the sign is removed when the person (or family) has moved. Signs will be removed at that time. If approved, signs shall be placed near 206 and 917 Valley Hill Drive

The Committee voted unanimously to approve this item.

Options & Alternatives:
None

Financial Remarks:
The cost of installing signs to warn drivers will be about \$200 total and would be covered by the 2017 B&G Sign Budget (3310.54140).

Executive Action:
If approved by Council, the resolution for approving the installation of these signs will need to be executed by the Mayor and Clerk after the Council Meeting.

Committee Recommendation:
The Buildings and Grounds Committee approved this item at their August 14, 2017 meeting. This item will appear under the Consent Agenda for the September 5, 2017 Council meeting.
