Dear Messrs. Reilly, Koehler and McElderry,

I am a resident of the Rivers Crossing Subdivision at 3231 Tanglewood Drive. I recently saw the proposal for the apartments and what appear to be condominiums off our street. These buildings look cheap and do not fit in the neighborhood; I also believe it is not appropriate to put multi-family dwellings in the middle of a neighborhood with single-family dwellings. This type of development has typically been built on the edges of a neighborhood or in a development primarily for multi family use.

Please do not let this proposal move forward.

Thank you!
