MEMORANDUM

Date: April 9, 2021
To: Dan Duchniak, P.E.
From: Chris Walter, P.E.
Re: The Glen at Standing Stone Water Main Extension

Cornerstone Development has requested a water main extension for The Glen at Standing Stone development. This is located directly south of Meijer, east of Big Bend Road and along the future extension of Tenny Avenue. , The project will serve 108 residential lots and includes the extension of approximately 5,300 feet of 12-inch and 16-inch water main. All design comments have been addressed and approved by the Utility. The project will take place fully within the public right of way, so no easement is needed. The developer's agreement is our standard agreement with the exception of minor revisions that were reviewed and approved by utility staff and City legal council.

Recommended Motion: Move to approve of the water main extension request and Developer's Agreement for The Glen at Standing Stone, at no cost the Utility.
