Submitted By: Eric Payne, Building and Grounds President	City Administrator Approval: Kevin Lahner, City Administrator KL
Finance Department Review: Rich Abbott, Finance Director RA	City Attorney's Office Review: Brian Running, City Attorney BER
Subject: Please approve the installation of a street light on the first power pole located at the northeast corner W. Broadway and Pleasant Street.	

Details:
This referral was made by Ald. Helgestad. A recent accident at the intersection of Broadway & Pleasant Street has prompted concerned citizens to request additional lighting to better cover this intersection. Engineering staff has reviewed this location and determined that additional lighting would be beneficial. Our recommendation is to ask WE Energies to install a leased street light on an existing power pole located near the corner of the intersection.

The Committee unanimously approved this item.

Options & Alternatives: Do not install light. Not acceptable alternative since more lighting would be beneficial to improved safety.

Financial Remarks:
The cost to install a new light will be \$200.00 for the light and \$15.00 per month lease. Cost for the new light (\$200) would come out of the Buildings & Grounds account (3310.54140). The \$15.00 per month lease cost would come out of the existing city wide WE Energies bill for street lighting.

Executive Action:
If approved by Council, the resolution for approving the installation of these signs will need to be executed by the Mayor and Clerk after the Council Meeting.

Committee Recommendation:
The Buildings and Grounds Committee approved this item at their March 06, 2017 meeting. This item will appear under the Consent Agenda for the March 21, 2017 council meeting.
