4. Discussion and Recommendation re:

A. [ID#18-0045](#) Please approve No Parking Any Time on the east and west sides of Marlin Court from the driveway at 1201 Marlin Court northward up to and including the cul de sac.

**Recommendation:** This item was brought forward by Ald. Thieme in response to local businesses having issues with parked cars on Marlin Court and on Dolphin Drive. Approval of these no parking zones will keep the parking areas free of vehicles, mainly during the day, to allow for other business to safely complete ingress and egress for deliveries.

Ald. Thieme is working with Community Development to possibly find an alternative funding source for the signing.

The Department of Public Works does not have an issue with this signing and recommends approval.

- B.**     [ID#18-0046](#)     Please approve No Parking Any Time on the north and south sides of Dolphin Drive from the centerline of Marlin Court to 120 feet west.
- Recommendation:**     This item was brought forward by Ald. Thieme in response to local businesses having issues with parked cars on Dolphin Drive and Marlin Court. Approval of these no parking zones will keep the parking areas free of vehicles, mainly during the day, to allow for trucks making deliveries to have clear site lines and movement to and from the intersection of Dolphin and Marlin.

- C.**     [ID#18-0049](#)     Please consider reducing the speed limit from 40 mph to 30 mph on Arcadian Ave. from Eugene Ct. to Les Paul Pkwy.
- Recommendation:**     This item was brought forward by the Department of Public Work with endorsement from Ald. Rodriguez. The existing posted speed on Arcadian Avenue is 25 MPH west of Eugene Ct. and transitions to 40 MPH from Eugene Ct. to Les Paul Parkway. The city reconstructed Arcadian Avenue in 2017 and installed some turn lanes and center lane markings from Blackstone to Eugene. Engineering staff has been working with PD to encourage vehicular speeds to be lower, especially eastbound coming down the hill from Harding Avenue. For the eastbound direction, drivers see the 40 MPH speed limit sign at Blackstone Ave already and start to accelerate and already going 40+ MPH at the Frist Student bus lot. The recommendation is to reduce the posted speed limit from 40 MPH to 30 MPH from Eugene Ct. to Les Paul. Our expectation is that, over time, vehicles will travel at a safer, lower speed in this corridor.
- Engineering staff will work with the police department for enforcement when the new 30 MPH zone is approved and the signs have been changed out.
- The Department of Public Works recommends approval.
