| Notes: | | | | | | |
| <p>There is existing water main from 2004 that runs from Executive Drive to the south running parallel and about 60 feet from the west property line. We believe the water main is within an existing easement, however we are still in the process of finding the documentation. If not obtained, we will need to have a water main easement recorded as part of this new CSM. Please contact Chris Walter at cwalter@waukesha-water.com with questions.</p> <p>The existing water main resides within the sanitary sewer easement and was recorded as such on CSM No. 9455.</p> | | | | | | |
