Subject: Review and approve a purchasing contract with Reliant Fire Apparatus, to purchase a 2028 Ladder Truck, in the amount of \$2,079,137.	

Details:
The Fire Department's five-year capital investment plan has included the purchase of a new Ladder Truck in 2028. The Fire Department is requesting to execute this contract to lock in the current price of \$2,079,137. The current production lead time for this unit is 47-50 months. To receive this unit in 2028, we will need to order it this year. An additional price increase of 1.75% will go into effect on August 1, 2024. (Roughly \$36,385 increase)
Fire Department Staff and one of the owners of Reliant Fire Apparatus will be available to answer any questions the night of the Finance Committee meeting.

Options & Alternatives:
Not authorizing this contract would result in additional price increases and further production delays in receiving Fire Apparatus.

Financial Remarks:
The Ladder Truck is scheduled to be paid out of 0430-4320-68140.

Executive Recommendation:
The City Administrator is in support of this purchase.
