The project is part of our 1% water main replacement program and was budgeted for 2017 construction. We are only replacing water services in effort to eliminate annual water runs. At the March 2017 meeting, the Commission approved the project cost based on our unit price engineer's estimate, for a total not to exceed \$46,000.00 using the monies budgeted in account #3431. Bids came in slightly lower and therefore the cost is now estimated at \$42,000.00.

**Recommended Motion:** Move to ratify and approve the water main replacement unit price contract and 1% city administration fee totaling \$37,871.97 for the Waukesha Water Utility's portion of the City of Waukesha Public Works contract with PTS Contractors, Inc. for the Oscar Street Utility and Street Improvements.

Oscar Street: Jefferson Avenue to Highland Avenue:  
Approximately 450 feet of water service replacement only - no water main work
