Subject: Review and act on the Contract extension with United Liquid Waste for bio-solids hauling for the City's Clean Water Plant for 2021.	

Details:
United Liquid Waste has requested a contract extension for the hauling of bio-solids for the City's Clean Water Plant. They would hold the 2020 rate at \$18.50 per ton should the City decide to exercise that option. United Liquid Waste has been contracted with the City for the last nine years and has done a good job.

Options & Alternatives:
The contract has an option to renew at their request. The City may re-bid the contract. Re-bidding may result in a higher price.

Financial Remarks:
Sludge disposal is charged to account number 7388 53910 which has \$165,000 budgeted for 2021. The City paid United Liquid Waste \$152,000 in 2020 for bio-solids hauling, due to good weather nearly twice as much was applied in 2020 from 2019.

Executive Recommendation:
Recommend approval of the contract extension with United Liquid Waste for bio-solids hauling for the City's Clean Water Plant at \$18.50 per ton.
