Subject: No Parking Any Time designation for 4 parking stalls in Municipal Lot 3 located directly north of 400 W. Main Street. Said 4 stalls will revert back to the current established parking restrictions for Municipal Lot 3

Details:

This item was referred by Public Works. City staff is administering the construction of a dumpster enclosure at the western edge of Municipal Lot 3. Four existing parking stalls will be removed with this construction. To offset the parking spots lost, staff is proposing to reopen 4 stalls that are located directly north of 400 W. Main Street. The proprietor of 400 W. Main Street had a parking area that had ingress from Lot 3 and necessitated a (painted) closure of 4 parking stalls. This business has now built an outdoor deck and ingress to this old parking area and, therefore, the 4 public stalls can be reopened. This information was shared with Ald. Helgestad and he is in favor of reopening the 4 stalls. The Committee voted unanimously to approve this item.

Options & Alternatives:

Leave the 4 stalls closed vs. reopening them to public parking

Financial Remarks:

There will be a cost to install 2 parking regulation signs which will be about $50 and covered by the dumpster project funding.

Executive Action:

If approved by Council, the resolution for approving the installation of these signs will need to be executed by the Mayor and Clerk after the Council Meeting.

Committee Recommendation:

The Buildings and Grounds Committee approved this item at their June 18, 2018, meeting. This item will appear under the Consent Agenda for the July 17, 2018, Council meeting.
