<b>Subject:</b> Approval to Decommission 2011 Paratransit Buses	

**Details:**  
This item is to seek the approval of the decommission of three (3) 2011 Arboc paratransit buses. These buses are 2 years and 29,000-37,000 miles past their useful life. The replacement of these buses is in the CIP for this year and delivery of the new vehicles is expected in late June. The buses been replaced have had intermittent engine issues. These buses would be sold via bid or auction. If a bid is not secured at the minimal price which is highly unlikely, the buses would be sold for scrap.

**Options & Alternatives:**  
Given that replacement buses are set to arrive and be ready for service later this Summer, the most viable option is to decommission the buses and sell or if need be scrap.

**Financial Remarks:**  
The estimated sale price is \$2,000-5,000 per bus. The sale proceeds would go to the operating budget of the transit system.

**Executive Recommendation:**  
Recommend approval.
