## Project Narrative

Project: Montessori School – Gazebo

2600 Summit Avenue

Waukesha, WI

Montessori School of Waukesha is requesting Minor Site Plan Review for a pre-manufactured gazebo structure on the property. The property is currently developed and is zoned I-1 Institutional.

The gazebo will be 12' x 20' and will be located between the school buildings just east of the west building. The proposed greenhouse location will allow it to integrate well on the property. The gazebo will be used for gathering purposes. A sample image of the proposed gazebo is shown below.
