Ald. Joe Pieper, Chair Finance Committee 1011 W. Glenn Drive Waukesha, WI 53188

SUBJECT: FIRE DEPARTMENT OVERTIME USAGE FIRST QUARTER 2016

Dear Ald. Pieper:

The members of the Finance Committee have requested regular updates regarding the Department's overtime expenditures. The Fire Department budget is developed to utilize overtime as a cost effective means to meet minimum staffing levels.

Scheduled leave such as vacation and work reduction days associated with the Fair Labor Standards Act and provisions of the Collective Bargaining Agreement are scheduled to distribute time off throughout the year and are capped by the number of individuals that can be off on a given day. The Department has little control over unscheduled leaves, such as military leave, sick leave, and injury leave.

The following information is based on data retrieved from Munis (the City's financial system software), and is associated with an approximate time period January 1, 2016 through March 31, 2016. The report indicates that the Department has expended \$116,118 of our \$340,424 overtime budget. This equates to 35% of our total budget. A review of scheduled and unscheduled leaves, indicate that the majority of our overtime budget expenses are a direct result of personnel time off due to firefighter injuries, family medical leave, and military leave (all of which can only be *somewhat* predicted for budgeting purposes via historical trends). In the first quarter of 2016, we experienced a higher than normal rate of leave due to injury. We anticipate that our monthly overtime expenditures will be reduced going forward, due to the fact that six (6) firefighter positions have been filled increasing shift staffing to 32 persons as approved in the 2016 budget.

Department staff continues to closely monitor overtime use and we will keep you updated as the year progresses.

If you have any additional concerns regarding this matter, feel free to contact me at (262) 524-3649.

Sincerely,

Steve Howard, Acting Fire Chief

City of Waukesha

kss
