Subject: Install an All Way Stop at the intersection of Butler Drive & Harvest Lane.	

Details:

Referral was made by Ald. Thieme. Residents have requested an All Way stop on Butler Drive at Harvest because there is speeding traffic on Butler Drive and hard to make turn from Harvest. Engineering staff has done an initial review of this item and will request additional time to complete a study to determine volume of traffic, speeding of traffic and if other methods may be more appropriate. The Committee discussed this item and elected to vote to approve the installation of an All Way stop.

The Committee voted unanimously to approve this item.

Options & Alternatives:

None

Financial Remarks:

The cost to install signing for and all way stop will be around \$200 and covered by the 2018 B&G Sign Budget (3310.54141)

Executive Action:

If approved by Council, the resolution for approving the installation of these signs will need to be executed by the Mayor and Clerk after the Council Meeting.

Committee Recommendation:

The Buildings and Grounds Committee approved this item at their August 20, 2018, meeting. This item will appear under the Consent Agenda for the September 4, 2018, Council meeting.
