She is asking that businesses such as hers be allowed to apply for a wine license. Extra revenue, the City would support small businesses and other municipalities offer class c wine licenses. She does not have \$10,000 to apply for the Reserve Class B Liquor License. They do plan on offering full meals in addition to beverages.

City Attorney Brian Running spoke on behalf of the memo that he submitted to the Committee on behalf of developing a policy for issuance of a Class C Wine license to non-restaurant businesses. We need a set of standards for the issuance of Class C Wine Licenses. The Committee needs to define what a meal is for Class C Wine Licenses. Chapter 125 is not clear as to what a meal is, only that a Class C Wine License is available to restaurants.

Ald. Johnson stated that he is leaning toward being more flexible, but he is wondering about potential consequences which is his main concern. Ald. Running stated that they can draft an ordinance stating that Class C wine licenses can be issued to certain type of businesses such as painting studios.

Ald. Manion asked Attorney Running what are the restrictions for receiving a liquor license that allows for the sale of beer without hard liquor. Is there any restriction on that type of business that can obtain that license. Atty Running stated that the Class B cannot be issued to a place where another business is being conducted although they could be approved for a full Class B Liquor License.

Ald. Manion stated that we did issue them a Class B beer license at the last O&L meeting.

Deputy Clerk Treasurer asked if they are an exception to the rule.

Ald. Manion stated that if they meet the requirements to sell beer then he feels that they should be able to sell wine.

Sandee stated that Chapter 125 ? states that no a painting studio, movie theatre is an exception to the rule.

Ald. Johnson asked what other municipalities are doing.

Attorney Running stated that it was not an issue and they haven't had many applications from non-restaurant businesses. To others if they had any type of restaurant licenses then they were qualified for a Class C Wine license. Main concerns are that you don't want intoxicated people and usually a painting studio does not draw clientele that would want to become overly intoxicated.

Ald. Rodriguez stated that she is in favor of supporting that any establishment that serves meals and has a restaurant license is allowed to apply for a Class C Wine License.

To direct the Attorney's Office to draft an ordinance which refers to the standards for issuance of a Class C Wine License using lenient guidelines.

Aye: 3 - Manion, Johnson and Rodriguez

Absent: 2 - Perry and Lemke
