BOARD OF PUBLIC WORKS

Department of Public Works

Engineering Division

130 Delafield Street

Waukesha, WI 53188-3616

1/27/16

Dear Public Works Commissioner,

I recently received a ticket from your Engineering Department stating that snow was removed from my property at 2058 Cliff Alex Court S. on 1/14/16. I keep this property in great maintenance shape as far as mowing lawn in the summer to snow removal in the winter. I was there two days before your crew came to check the property, the walks were in good shape and all I can remember on the 13th is we got a dusting of snow, not enough to justify shoveling the walks since it melted the next day. I understand your position to keep walks clean for the safety of pedestrians, but this cost is overly excessive. I can understand if there was 10 inches of snow, but when I called Engineering Dept. they couldn't tell me what the conditions of the walks were previous to writing me a ticket. I pay all property taxes on time and I am requesting this ticket to be dismissed or extremely reduced.

Thanks Marc Buechel
