

Waukesha Metro Transit – Generator Privacy Fence

Waukesha Metro Transit

2311 Badger Drive

Privacy Fence Details

Fence will be approximately six feet high. The generator enclosure will be mounted on a 4" tall concrete pad. The total height of the generator enclosure will be 70" with the exhaust tip being 74" above grade.

The privacy fence will only be three sided, with no privacy fence facing the Transit building. The three sides that are privacy fence will block the generator from view from the street and adjoining properties.

The fence will be constructed similar to the one in the picture attached. This is a picture of the generator for Waukesha City Hall.

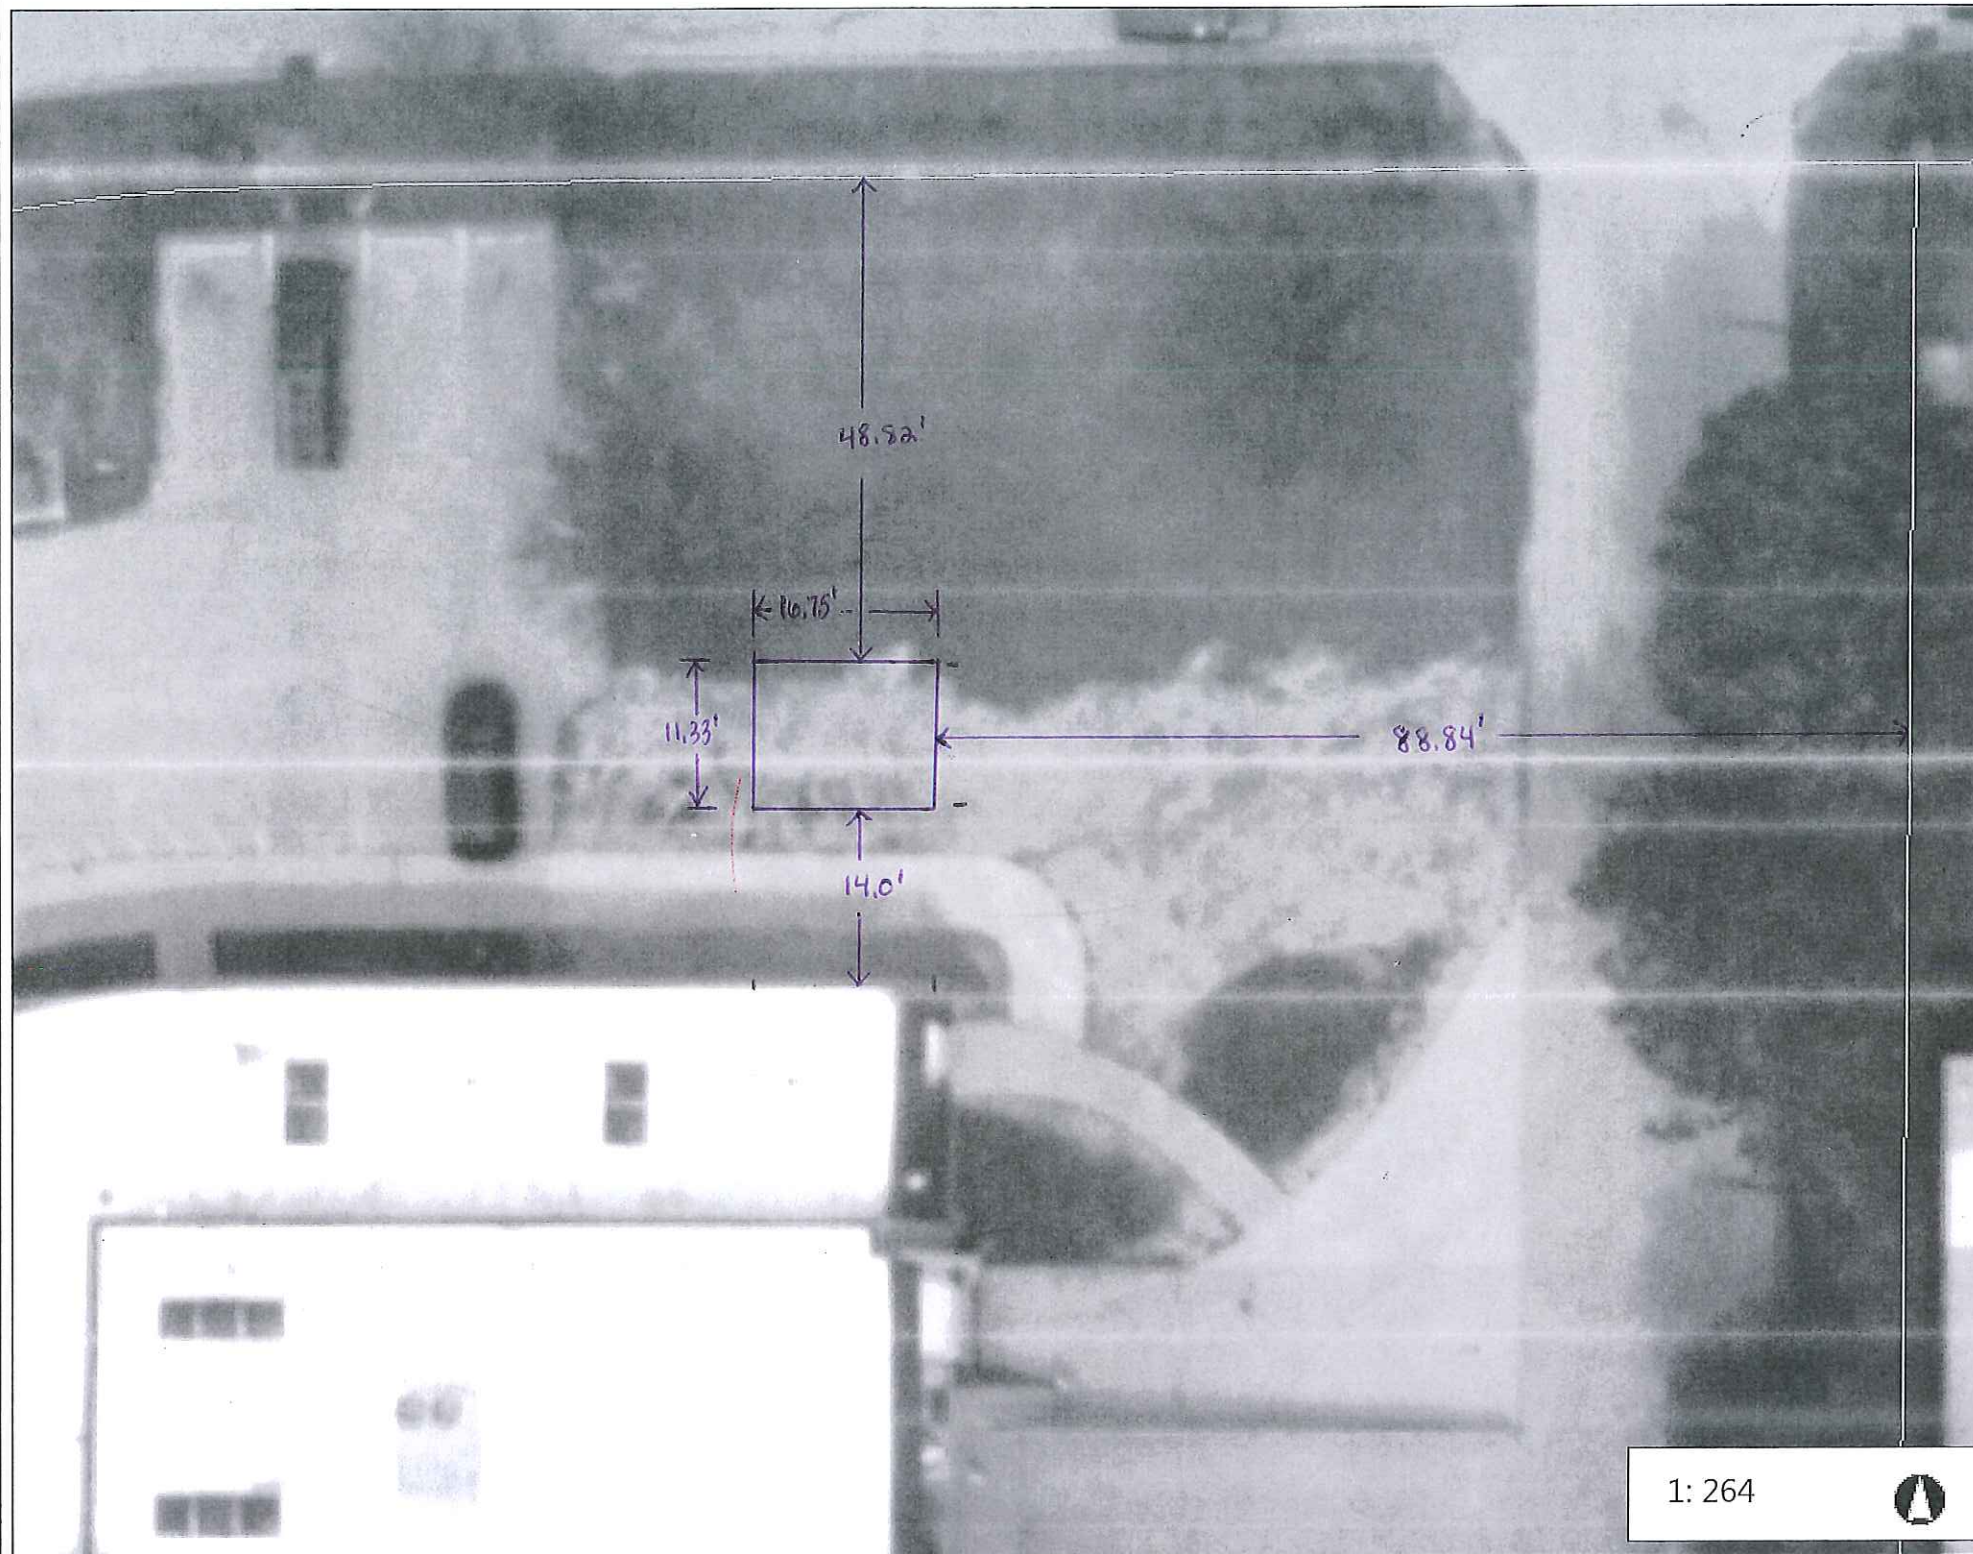

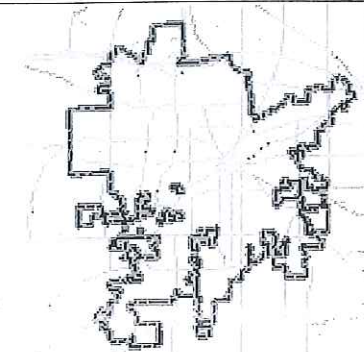

There will be no special landscaping done to conceal the generator, only the privacy fence.

Example of privacy fence.
