Subject: Review and act on the request from Ryan Lange for a one-time sewer credit for 2905 Rocky Creek Drive.	

Details: The City of Waukesha Municipal Code Chapter 29 requires sewer billing to be based upon the measured volume of water consumed and allows for a one-time unmetered credit. According to Chapter 29.11(h)(4) titled One-Time Unmetered Credit, users without credit meters may request an adjustment of sewer service charges for special circumstances such as filling of a swimming pool or establishing a new lawn. Ryan Lange, on November 3, 2023, requested a credit for sewer service charges for the time period of August 2023 for an outside faucet that failed and leaked into the yard. This outdoor water use was not treated by the Clean Water Plant. For comparison and calculation of a refund, the average water usage was compared with the period of heavy usage. High Usage: 17,900 gallons (2023) Average Usage: 3,967 gallons Estimated Additional Usage: 13,933 (2023) Calculated Refund (2023 – \$10.48/1000 gal): \$146.02

Options & Alternatives: To not approve the one-time sewer credit or approve another dollar amount.
