Subject: Review and act on the Contract extension with United Liquid Waste for bio-solids hauling for the City's Clean Water Plant.	

Details:
United Liquid Waste has requested a contract extension for the hauling of bio-solids for the City's Clean Water Plant. They would hold the 2021 rate of \$18.50 per ton should the City decide to exercise that option. United Liquid Waste has been contracted with the City for the last ten years and has done a good job.

Options & Alternatives:
The contract has an option to renew at their request. The City may re-bid the contract. Re-bidding may result in a higher price.

Financial Remarks:
Sludge disposal is charged to account number 7388 53910 which has \$165,000 budgeted for 2022. The City paid United Liquid Waste \$77,000 in 2021 and \$152,000 in 2020 for bio-solids hauling. Good weather in 2020 allowed nearly twice as much to be applied.

Executive Recommendation:
Recommend approval of the contract extension with United Liquid Waste for bio-solids hauling for the City's Clean Water Plant at \$18.50 per ton.
