ID#17-0208 INVITED Other Applications- February 13, 2017

Thomas Messplay, Jr. appeared for the House of Guinness (manager). They have applied for an Extension of Premise for March 17 and 18. Because St. Patrick's Day falls on a Friday, they would like to extend the event to Saturday as well. Messplay said the area will be fenced in; there will be a tent. Amanda Messplay (asst. manager) appeared and clarified that a lane of travel will be left open in the municipal lot for through traffic. Perry disagrees with using public property for a private business to profit. Johnson has a problem with closing the lot for an additional day, he does however, like these types of events and knows that this is one that everyone looks forward to. Jankowski is in support of the two day event. C. Payne said that the current ordinance allows for closures for multiple dates.

The Special Event application has been routed to city departments and the Building & Grounds Committee; all have approved the closure of the 10 parking stalls for the two day event. The Extension of Premise application only lists March 17th. The Committee voted on granting the Extension for March 17th only. Messplay will need to complete another application for March 18th.

A motion was made by Chairperson Johnson, seconded by Manion, to approve the Extension of Premise for House of Guinness on March 17th. The motion carried by the following vote:

Aye: 4 - Manion, Johnson, C. Payne and Jankowski

Nay: 1 - Perry

4. Review & Act On**ID#17-0181** Amendment of Municipal Code Section 29.02(28), Definition of Non-Significant Industrial User (Clean Water Plant).

Per Jeff Harenda, Ch. 29 is under complete review in the attorney's office, however, they wanted this definition change done sooner rather than later. The amendment to the definition of "Non-Significant Industrial User" would increase the number of gallons used by a non-significant industrial user from 10 to 1000 gallons per day/5,000 gallons per week. A survey was completed of area cities and this level was found to be a reasonable

threshold.

A motion was made by Chairperson Johnson, seconded by Manion, to approved the proposed amendment to sec. 29.02(28) of the Municipal Code. The motion carried by the following vote:

Aye: 5 - Perry, Manion, Johnson, C. Payne and Jankowski
