March 11, 2015

Hi Doug, OLSGC Ltd would like to sell landscape products on the parcel of vacant land located at 2112 S. West Ave where we were permitted to operate last year. As you are aware the property came along way last year as far as overall appearance of the site. The business located just to the south of the 2112 S. West Ave parcel was not happy when he found out that we were going to open at that site. Several times during the clean up and set of the new facility he stopped and expressed his concerns. We continued to improve the properties appearance and took control of the issues the City of Waukesha brought to our attention and reach a point that resolved all the concerns. Shortly after we opened the gentlemen from the C& H Business to the south of 2112 S. West Ave. stopped in to tell us how pleased he was with the cleanup, organization and appearance of the property and welcomed us to the neighborhood. During the course of the summer we had several other business owners and neighbors stop in and tell us how great the property looked and how much they appreciated the job we were doing. I feel over all we had a positive impact on the community. The arrangement we had to use the bathrooms at th PDQ Store worked very well for both of our businesses. We purchased all of our fuel for the loader and delivery truck as well as purchased lunches and sodas from them. I'm asking for your consideration in allowing us to operate there again this year.

Thank-you for your time!
