Subject: Review and act on Proposed Bus Stop Changes	

Details:
 This item is to review and act on proposed bus stop changes. On an annual basis, Transit and Engineering will review bus stops in areas where road construction will occur to determine if changes to the bus stops and/or amenities should be incorporated into the project. The proposed bus stop changes for consideration are listed below with most being areas under construction this year:

Eliminate:
 Washington Ave @ Delafield St. (North side of street)
 Delafield St. @ Lemira Ave. (east side of street)
 Northview Rd @ Glenwall Dr.
 East Ave. @ Arcadian Ave.
 Dopp St. @ Joellen Dr. (north side)
 Cambridge Ave @ Bonnie Ln (north side)
 Madison @ North St. (both sides)

Move:
 Washington Ave @ Delafield St. (south side of street) west 50 ft from current location

Add:
 Delafield St. @ Magnolia (northwest corner)

Options & Alternatives:
 The only alternative would be to keep the bus stops at their current locations however some in their current location pose safety or other concerns if left in place.

Financial Remarks:

The cost of the bus stop changes is minimal and with the exception of the North St. stops are incorporated into the construction projects in the area.

Executive Recommendation:

Recommend approval.
