MEMORANDUM

DATE: February 21, 2019

TO: Dan Duchniak, P.E.

FROM: Chris Walter, P.E.

RE: Greenmeadow (M00527) Sanitary Interceptor Sewer

The bids for the Greenmeadow Interceptor Sewer project were opened by the City at 11 am on June 5, 2018. There were 3 bidders; they are shown in the table below. Action by the Common Council took place at their June 19, 2018, meeting where the contract was recommended for award to Super Excavators in the amount of \$18,461,976.00.

Contractor	Total Cost	Water Main Project Cost
Super Excavators, Inc. N59W14601 Bobolink Avenue Menomonee Falls, WI 53051	\$18,461,976.00	\$561,893.00
Kenny Construction Co. 2215 Sanders Road, Ste. 400 Northbrook, IL 60062	\$22,910,281.01	\$611,781.09
Lametti & Sons, Inc. 16028 Forest Blvd. N Hugo, MN 55038	\$24,457,298.25	\$628,467.00

The project is part of our 1% water main replacement program and was budgeted for 2019 construction in account #3431. We are replacing the existing 6-inch cast iron main installed in 1954 with new 8-inch water main on Dopp Street. On Moreland, we have parallel mains and we are abandoning an existing 8-inch from 1929 and connecting all services to the 20-inch main.

Recommended Motion: Move to approve the water main replacement unit price contract and 1% city administration fee totaling \$567,511.93.00 for the Waukesha Water Utility's portion of the City of Waukesha Public Works contract with Super Excavators, Inc. for the Greenmeadow Sanitary Interceptor Sewer project.
