SUBJECT: **CLARIFICATION** to Final Case Closure with Continuing Obligations
Lot 2 / Outlot 2 - Fleetfoot Drive, Fleetfoot Drive, Waukesha, WI 53187
DNR BRRTS Activity #: 02-68-578678
FID #: 268668180

Dear Mr. Rosenwald:

Our January 30, 2017 letter to you, regarding the Final Case Closure with Continuing Obligations for Lot 2/Outlot 2 – Fleetfoot Drive, attached, stated that the “conditions of closure and continuing obligations required were based on the property being used for commercial purposes”. This letter clarifies that statement. The conditions of closure and continuing obligations required were based on the property being used for **industrial, commercial or residential** purposes, and the final closure letter does not, in fact, limit the use of the property. Please keep this clarification letter with your final closure letter. This letter will also be added to the GIS Registry posting for the site. If you have any questions about the clarification or the final case closure letter, please contact me at (414) 263-8561 or at pamela.mylotta@wisconsin.gov.

Sincerely,

Pamela Mylotta
Southeast Region Team Supervisor
Remediation & Redevelopment Program
