Brief History of the property, if known: Victorian single family home constructed in 1895. I have owned this property for 5 years.

Please describe your proposed work in as much detail as possible below.

If you need additional space, feel free to submit a separate written explanation. Before submitting the application, you should contact Community Development staff to discuss your project. You should also familiarize yourself with the Landmarks Commission Design Guidelines

Repair of chimney leak, Additional repairs needed to secure loose roof shingles for application of Cericade on house.

There is an area of the roof that is leaking into the attic (pictures enclosed). This leaking has caused damage to 2<sup>nd</sup> floor ~~area~~ ceiling.

There is an area around the chimney flashing that is allowing water to get into attic also (picture enclosed).

Cericade is a roof system that is designed to fortify existing roof system. Existing shingles will not be replaced, but cleaned and secured as needed prior to Cericade application.

Total Estimated cost of the project: \$11,919.67

☐ I plan to apply/ ☐ I have already applied for State/Federal Historic Preservation Tax Credits

☒ I would like to apply for a Paint and Repair Grant (include a Paint and Repair Grant application with this form).

☐ I would like information about City grants and loans for commercial properties.

The following additional submittal items are always helpful and may be required depending on the project:

- An estimate or contract from a building professional with details of the project.
- Photos of impacted areas.
- Elevation drawings and/or site plans.
- Material or color samples.
