

Waukesha County Airport Hangar 612 and 614

May 29, 2024

Susan:

I am proposing to build 2 (two) 60' wide by 60' deep by 20' tall airplane hangars on site 612 and 614 Northview Dr on the South East portion of the airport. I have attached the engineering drawings, color renderings, and the paperwork required to apply for a building permit.

I have attached:

- ❑ Color renderings
- ❑ Engineered Drawings
- ❑ Grade plan from Mead & Hunt
- ❑ Utility plan
- ❑ Location of utility entrance into hangar
- ❑ Letter/lease from the airport showing approval for construction

Please let me know if you need any other information from me to make the agenda for the July 24, 2024 Plan Commission meeting to approve a construction permit.

Best regards,

Mike Armbruster
