RE: Waukesha Clean Water Plant Improvements
2018 Wisconsin Chapter Public Works Project of the Year

Dear Project Team Member,

Congratulations again on winning an APWA-Wisconsin Chapter Project of the Year Award for the Waukesha Clean Water Plant Improvements Project! Your award will be presented at the Awards Banquet scheduled for **Thursday, May 3rd, 2018 at 6:30 p.m.** (social hour begins at 5:30 p.m.). The Banquet will be held at the KI Convention Center in Green Bay as part of the 2018 APWA-Wisconsin Chapter Spring Conference. Additional details and registration materials for the Spring Conference are available on the Wisconsin Chapter website at <http://wisconsin.apwa.net/>. You are encouraged to attend this year's conference which will include a golf outing at Thornberry Creek, Get Acquainted Party, a First Timer's Breakfast, a Spouse/Guest Program, and a variety of educational sessions.

The Public Works Project of the Year Award recognizes the strong alliance between the managing agency, the consultant/architect/engineer, and the contractor to effectively complete public works projects. For this reason, the Executive Committee is extending to each of these agencies one free ticket to the 2018 Awards Banquet. These tickets may be used by yourself (if you are not planning to attend the whole conference), elected officials from the community in which the project was built, or other members of the project team who may not be attending the conference. Please complete the enclosed form and return to me by Thursday, April 19th to reserve your tickets on behalf of your agency.

Each agency will receive one award plaque. If additional plaques desired, please forward \$25 (check made out to APWA-Wisconsin) for each additional plaque. ALSO, we would like to highlight one photograph of your project to be used on the actual award and as the award is being presented. Please coordinate with your project team to select the photograph you would like us to use for this presentation and e-mail it to me at tim.barbeau@rasmith.com.

Also, we would like to highlight your award in the project community's local media. Please provide a one-page Press Release, in electronic format, that clearly and concisely describes the project and its value to the community and highlights why the project is worthy recognition (innovative engineering, challenges faced, overall social impact, etc.) There is space on the attached form for you to identify media sources and a contact person with whom we can coordinate the actual press release.

If you have any questions, please feel free to me by phone at 262.317.3307 or by e-mail at the address provided above. See you in May!

Sincerely,

A handwritten signature in blue ink that reads "Tim Barbeau".
