CODE OF FEDERAL REGULATIONS REFERENCES FOR ADA COMPLIANCE

Sec. 37.125 ADA paratransit eligibility: Process.

Each public entity required to provide complementary paratransit service by Sec. 37.121 of this part shall establish a process for determining ADA paratransit eligibility.

- (a) The process shall strictly limit ADA paratransit eligibility to individuals specified in Sec. 37.123 of this part.
- (b) All information about the process, materials necessary to apply for eligibility, and notices and determinations concerning eligibility shall be made available in accessible formats, upon request.
- (c) If, by a date 21 days following the submission of a complete application, the entity has not made a determination of eligibility, the applicant shall be treated as eligible and provided service until and unless the entity denies the application.
- (d) The entity's determination concerning eligibility shall be in writing. If the determination is that the individual is ineligible, the determination shall state the reasons for the finding.
- (e) The public entity shall provide documentation to each eligible individual stating that he or she is "ADA Paratransit Eligible." The documentation shall include the name of the eligible individual, the name of the transit provider, the telephone number of the entity's paratransit coordinator, an expiration date for eligibility, and any conditions or limitations on the individual's eligibility including the use of a personal care attendant.
- (f) The entity may require recertification of the eligibility of ADA paratransit eligible individuals at reasonable intervals.

(g) The entity shall establish an administrative appeal process through which individuals who are denied eligibility can obtain review of the denial.

- (1) The entity may require that an appeal be filed within 60 days of the denial of an individual's application.
- (2) The process shall include an opportunity to be heard and to present information and arguments, separation of functions (i.e., a decision by a person not involved with the initial decision to deny eligibility), and written notification of the decision, and the reasons for it.
- (3) The entity is not required to provide paratransit service to the individual pending the determination on appeal. However, if the entity has not made a decision within 30 days of the completion of the appeal process, the entity shall provide paratransit service from that time until and unless a decision to deny the appeal is issued.

(h) The entity may establish an administrative process to suspend, for a reasonable period of time, the provision of complementary paratransit service to ADA eligible individuals who establish a pattern or practice of missing scheduled trips.

(1) Trips missed by the individual for reasons beyond his or her control (including, but not limited to, trips which are missed due to operator error) shall not be a basis for determining that such a pattern or practice exists.

- (2) Before suspending service, the entity shall take the following steps:
 - (i) Notify the individual in writing that the entity proposes to suspend service, citing with specificity the basis of the proposed suspension and setting forth the proposed sanction.
 - (ii) Provide the individual an opportunity to be heard and to present information and arguments;
 - (iii) Provide the individual with written notification of the decision and the reasons for it.

(3) The appeals process of paragraph (g) of this section is available to an individual on whom sanctions have been imposed under this paragraph. The sanction is stayed pending the outcome of the appeal.

(i) In applications for ADA paratransit eligibility, the entity may require the applicant to indicate whether or not he or she travels with a personal care attendant.

Sec. 37.161 Maintenance of accessible features: General.

(b) Accessibility features shall be repaired promptly if they are damaged or out of order. When an accessibility feature is out of order, the entity shall take reasonable steps to accommodate individuals with disabilities who would otherwise use the feature.

Sec. 37.163 Keeping vehicle lifts in operative condition: Public entities.

(a) This section applies only to public entities with respect to lifts in non-rail vehicles.

(b) The entity shall establish a system of regular and frequent maintenance checks of lifts sufficient to determine if they are operative.

(c) The entity shall ensure that vehicle operators report to the entity, by the most immediate means available, any failure of a lift to operate in service.

(d) Except as provided in paragraph (e) of this section, when a lift is discovered to be inoperative, the entity shall take the vehicle out of service before the beginning of the vehicle's next service day and ensure that the lift is repaired before the vehicle returns to service.

(e) If there is no spare vehicle available to take the place of a vehicle with an inoperable lift, such that taking the vehicle out of service will reduce the transportation service the entity is able to provide, the public entity may keep the vehicle in service with an inoperable lift for no more than five days (if the entity serves an area of 50,000 or less population) or three days (if the entity serves an area of over 50,000 population) from the day on which the lift is discovered to be inoperative.

(f) In any case in which a vehicle is operating on a fixed route with an inoperative lift, and the headway to the next accessible vehicle on the route exceeds 30 minutes, the entity shall promptly provide alternative transportation to individuals with disabilities who are unable to use the vehicle because its lift does not work.

(g) The entity shall permit individuals with disabilities who do not use wheelchairs, including standees, to use a vehicle's lift or ramp to enter the vehicle. Provided, that an entity is not required to permit such individuals to use a lift Model 141 manufactured by EEC, Inc. If the entity chooses not to allow such individuals to use such a lift, it shall

to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Bidder to the extent the Federal Government deems appropriate.

(b) The Bidder also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Bidder, to the extent the Federal Government deems appropriate.

(c) The Bidder agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the Subcontractor who will be subject to the provisions.

6. Access to Records

The following access to records requirements apply to this Contract:

(a) Where the Purchaser is not a State but a local government and is the FTA Recipient or a Subgrantee of the FTA Recipient in accordance with 49 C. F. R. 18.36(i), the Bidder agrees to provide the Purchaser, the FTA Administrator, the Comptroller General of the United States or any of their authorized representatives access to any books, documents, papers and records of the Bidder which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts and transcriptions. Bidder also agrees, pursuant to 49 C. F. R. 633.17 to provide the FTA Administrator or his authorized representatives including any PMO Bidder access to Bidder's records and construction sites pertaining to a major capital project, defined at 49 U.S.C. 5302(a)1, which is receiving federal financial assistance through the programs described at 49 U.S.C. 5307, 5309 or 5311.

(b) Where the Purchaser is a State and is the FTA Recipient or a Subgrantee of the FTA Recipient in accordance with 49 C.F.R. 633.17, Bidder agrees to provide the Purchaser, the FTA Administrator or his authorized representatives, including any PMO Bidder, access to the Bidder's records and construction sites pertaining to a major capital project, defined at 49 U.S.C. 5302(a)1, which is receiving federal financial assistance through the programs described at 49 U.S.C. 5307, 5309 or 5311. By definition, a major capital project excludes contracts of less than the simplified acquisition threshold currently set at \$100,000.

(c) Where the Purchaser enters into a negotiated contract for other than a small purchase or under the simplified acquisition threshold and is an institution of higher education, a hospital or other non-profit organization and is the FTA Recipient or a subgrantee of the FTA Recipient in accordance with 49 C.F.R. 19.48, Bidder agrees to provide the Purchaser, FTA Administrator, the Comptroller General of the United States or any of their duly authorized representatives with access to any books, documents, papers and record of the Bidder which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts and transcriptions.

(d) Where any Purchaser which is the FTA Recipient or a Subgrantee of the FTA Recipient in accordance with 49 U.S.C. 5325(a) enters into a contract for a capital project or improvement (defined at 49 U.S.C. 5302(a)1) through other than competitive bidding, the Bidder shall make available records related to the contract to the Purchaser, the Secretary of Transportation and the Comptroller General or any authorized officer or employee of any of them for the purposes of conducting an audit and inspection.

(e) The Bidder agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

(f) The Bidder agrees to maintain all books, records, accounts and reports required under this contract for a period of not less than three years after the date of termination or expiration of this contract, except in the event of litigation or

settlement of claims arising from the performance of this contract, in which case Bidder agrees to maintain same until the Purchaser, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto. Reference 49 CFR 18.39(i)(11).

(g). FTA does not require the inclusion of these requirements in subcontracts.

7. Federal Changes

Bidder shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between Purchaser and FTA, as they may be amended or promulgated from time to time during the term of this contract. Bidder's failure to so comply shall constitute a material breach of this contract.

8. Drug and Alcohol Testing

Pursuant to 49 U.S.C. §5331, 49 CFR Parts 653 and 654, the Bidder agrees to participate in a FTA-compliant drug and alcohol testing program. The Bidder shall allow the recipients and/or FTA's periodical oversight and inspection of the program to ensure compliance with the rules and requirements of the drug and alcohol testing program. The Bidder shall maintain up-to-date information and records on provided forms documenting the drug and alcohol testing program. The information on these records will be reported to the Federal Transit Administration by the recipient, as required.

9. Contracts Involving Federal Privacy Act Requirements

Pursuant to 5 U.S.C. 552, when a grantee maintains files on drug and alcohol enforcement activities for FTA, and those files are organized so that information could be retrieved by personal identifier, the Privacy Act requirements apply. The following requirements apply to the Bidder and its employees that administer any system of records on behalf of the Federal Government under any contract:

(a) The Bidder agrees to comply with, and assures the compliance of its employees with, the information restrictions and other applicable requirements of the Privacy Act of 1974, 5 U.S.C. § 552a. Among other things, the Bidder agrees to obtain the express consent of the Federal Government before the Bidder or its employees operate a system of records on behalf of the Federal Government. The Bidder understands that the requirements of the Privacy Act, including the civil and criminal penalties for violation of that Act, apply to those individuals involved, and that failure to comply with the terms of the Privacy Act may result in termination of the underlying contract.

(b) The Bidder also agrees to include these requirements in each subcontract to administer any system of records on behalf of the Federal Government financed in whole or in part with Federal assistance provided by FTA.

10. Disadvantaged Business Enterprise

(a) This contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs. The Waukesha Transit Commission's goal for participation of Disadvantaged Business Enterprises (DBE) is 1.5%.

(b) The Bidder shall not discriminate on the basis of race, color, national origin or sex in the performance of this contract. The Bidder shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of this contract. Failure by the Bidder to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the municipal corporation deems appropriate. Each subcontract the Bidder signs with a Subcontractor must include the assurance in this paragraph (see 49 CFR 26.13(b)).

(c) If a separate contract goal has been established, Bidders/Offerors are required to document sufficient DBE participation to meet these goals or, alternatively, document adequate good faith efforts to do so, as provided for in 49 CFR 26.53.

(d) If no separate contract goal has been established, the successful Bidder/Offeror will be required to report its DBE participation obtained through race-neutral means throughout the period of performance.

(e) The Bidder must promptly notify the Recipient whenever a DBE Subcontractor performing work related to this contract is terminated or fails to complete its work, and must make good faith efforts to engage another DBE Subcontractor to perform at least the same amount of work. The Bidder may not terminate any DBE Subcontractor and perform that work through its own forces or those of an affiliate without prior written consent of the Recipient.

PROMPT PAYMENT AND RETURN OF RETAINAGE

The Bidder is required to pay its Subcontractors performing work related to this contract for satisfactory performance of that work no later than 30 days after the Bidder's receipt of payment for that work from the Recipient. In addition, the Bidder may not hold retainage from its Subcontractors or must return any retainage payments to those Subcontractors within 30 days after the Subcontractor's work related to this contract is satisfactorily completed or must return any retainage payments to those Subcontractors within 30 days after incremental acceptance of the Subcontractor's work by the Recipient and Bidder's receipt of the partial retainage payment related to the Subcontractor's work.

11. Incorporation of Federal Transit Administration (FTA) Terms

The preceding provisions include, in part, certain Standard Terms & Conditions required by USDOT, whether or not expressly stated in the preceding contract provisions. All USDOT-required contractual provisions, as stated in FTA Circular 4220.1F, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Bidder shall not perform any act, fail to perform any act, or refuse to comply with any request that would cause the Recipient to be in violation of FTA terms and conditions.

12. Energy Conservation

The Bidder agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

13. Recycled Products

All contracts for items designated by the EPA, when the Purchaser or Bidder procures \$10,000 or more of one of these items during the current or previous fiscal year using Federal funds. The Bidder agrees to comply with all the requirements of Section 6002 of the Resource Conservation and Recovery Act (RCRA), as amended (42 U.S.C. 6962), including but not limited to the regulatory provisions of 40 CFR Part 247, and Executive Order 12873, as they apply to the procurement of the items designated in Subpart B of 40 CFR Part 247.

14. Clean Water Requirements

Pursuant to 33 U.S.C. 1251, Bidder shall comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 USC 1251 et seq. Bidder shall report each violation to the municipal corporation and understands and agrees that the municipal corporation shall, in turn, report each violation as required to FTA and the appropriate EPA Regional Office. Bidder shall include these requirements in each subcontract exceeding \$100,000 financed in whole or in part with FTA assistance.

15. Clean Air

Pursuant to 42 U.S.C. 7401 et seq, 40 CFR 15.61, 49 CFR Part 18, Bidder shall comply with all applicable standards, orders or regulations pursuant to the Clean Air Act, 42 USC 7401 et seq. Bidder shall report each violation to the municipal corporation and understands and agrees that the municipal corporation will, in turn, report each violation as required to FTA and the appropriate EPA Regional Office. Bidder shall include these requirements in each subcontract exceeding \$100,000 financed in whole or in part with FTA assistance.

16. Access Requirements for Persons with Disabilities

Bidder shall comply with 49 USC 5301(d), stating Federal policy that the elderly and persons with disabilities have the same rights as other persons to use mass transportation services and facilities and that special efforts shall be made in planning and designing those services and facilities to implement that policy. Bidder shall also comply with all applicable requirements of Sec. 504 of the Rehabilitation Act (1973), as amended, 29 USC 794, which prohibits discrimination on the basis of handicaps, and the Americans with Disabilities Act of 1990 (ADA), as amended, 42 USC 12101 et seq., which requires that accessible facilities and services be made available to persons with disabilities, including any subsequent amendments thereto.

17. Breaches and Dispute Resolution

Pursuant to 49 CFR Part 18, FTA Circular 4220.1F, disputes arising in the performance of this contract which are not resolved by agreement of the parties shall be decided in writing by the municipal corporation's authorized representative. This decision shall be final and conclusive unless within ten (10) days from the date of receipt of its copy, Bidder mails or otherwise furnishes a written appeal to the municipal corporation's CEO. In connection with such appeal, Bidder shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the municipal corporation's CEO shall be binding upon Bidder and Bidder shall abide by the decision.

Performance During Dispute - Unless otherwise directed by the municipal corporation, Bidder shall continue performance under this contract while matters in dispute are being resolved.

Claims for Damages - Should either party to the contract suffer injury or damage to person or property because of any act or omission of the party or of any of his employees, agents or others for whose acts he is legally liable, a claim for damages therefore shall be made in writing to such other party within ten days after the first observance of such injury or damage.

Remedies - Unless this contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the municipal corporation and Bidder arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the residing State.

Rights and Remedies - Duties and obligations imposed by the contract documents and the rights and remedies available there under shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the municipal corporation or Bidder shall constitute a waiver of any right or duty afforded any of them under the contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach there under, except as may be specifically agreed in writing.

18. Termination

(a) Termination for Convenience. The Recipient may terminate this contract, in whole or in part, at any time by written notice to Bidder when it is in the Recipient's best interest. Bidder shall be paid its costs, including contract close-out

costs, and profit on work performed up to the time of termination. Bidder shall promptly submit its termination claim to the Recipient. If Bidder is in possession of any of the Recipient's property, Bidder shall account for same, and dispose of it as the Recipient directs.

(b) Termination for Default [Breach or Cause]. If Bidder does not deliver items in accordance with the contract delivery schedule, or, if the contract is for services, and Bidder fails to perform in the manner called for in the contract, or if Bidder fails to comply with any other provisions of the contract, the Recipient may terminate this contract for default. Termination shall be effected by serving a notice of termination to Bidder setting forth the manner in which Bidder is in default. Bidder shall only be paid the contract price for supplies delivered and accepted, or for services performed in accordance with the manner of performance set forth in the contract. If it is later determined by the Recipient that Bidder had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of Bidder, the Recipient, after setting up a new delivery or performance schedule, may allow Bidder to continue work, or treat the termination as a termination for convenience.

(c) Opportunity to Cure. The Recipient in its sole discretion may, in the case of a termination for breach or default, allow Bidder an appropriately short period of time in which to cure the defect. In such case, the notice of termination shall state the time period in which cure is permitted and other appropriate conditions. If Bidder fails to remedy to the Recipient's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by Bidder or written notice from the Recipient setting forth the nature of said breach or default, the Recipient shall have the right to terminate the Contract without any further obligation to Bidder. Any such termination for default shall not in any way operate to preclude the Recipient from also pursuing all available remedies against Bidder and its sureties for said breach or default.

(d) Waiver of Remedies for any Breach. In the event that the Recipient elects to waive its remedies for any breach by Bidder of any covenant, term or condition of this Contract, such waiver by the Recipient shall not limit its remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

(e) Termination for Convenience (Professional or Transit Service Contracts). The Recipient, by written notice, may terminate this contract, in whole or in part, when it is in the Recipient's interest. If the contract is terminated, the Recipient shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.

(f) Termination for Default (Supplies and Service). If Bidder fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the Bidder fails to comply with any other provisions of this contract, the Recipient may terminate this contract for default. The Recipient shall deliver to Bidder a notice of termination specifying the nature of default. Bidder shall only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract. If, after termination for failure to fulfill contract obligations, it is determined that Bidder was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the Recipient's convenience.

(g) Termination for Default (Transportation Services). If Bidder fails to pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension or if Bidder fails to comply with any other provisions of this contract, the Recipient may terminate this contract for default. The Recipient shall terminate by delivering to Bidder a notice of termination specifying the nature of default. Bidder shall only be paid the contract price for services performed in accordance with the manner of performance set forth in this contract. If this contract is terminated while Bidder has possession of the Recipient goods, Bidder shall, as directed by the Recipient, protect and preserve the goods until surrendered to the Recipient or its agent. Bidder and the Recipient shall agree on payment for the preservation and protection of goods. Failure to agree on an amount shall be resolved under the Dispute clause. If, after termination for failure to fulfill contract obligations, it is determined that Bidder was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the Recipient's convenience.

(h) Termination for Default (Construction). If Bidder refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified, or any extension, or fails to complete the work within this time, or if Bidder fails to comply with any other provisions of this contract, the Recipient may terminate this contract for default. The Recipient shall terminate by delivering to Bidder a notice of termination specifying the nature of default. In this event, the Recipient may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. Bidder and its sureties shall be liable for any damage to the Recipient resulting from Bidder's refusal or failure to complete the work within specified time, whether or not Bidder's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Recipient in completing the work.

Bidder's right to proceed shall not be terminated nor shall Bidder be charged with damages under this clause if:

(1) Delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of Bidder. Examples of such causes include: acts of God, acts of the Recipient, acts of another Bidder in the performance of a contract with the Recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and

(2) Bidder, within 10 days from the beginning of any delay, notifies the Recipient in writing of the causes of delay. If in the Recipient's judgment, delay is excusable, the time for completing the work shall be extended. The Recipient's judgment shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses. If, after termination of Bidder's right to proceed, it is determined that Bidder was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if termination had been issued for the Recipient's convenience.

(i) Termination for Convenience or Default (Architect & Engineering). The Recipient may terminate this contract in whole or in part, for the Recipient's convenience or because of Bidder's failure to fulfill contract obligations. The Recipient shall terminate by delivering to Bidder a notice of termination specifying the nature, extent, and effective date of termination. Upon receipt of the notice, Bidder shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the Recipient all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. If termination is for the Recipient's convenience, it shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services. If termination is for Bidder's failure to fulfill contract obligations, the Recipient may complete the work by contract or otherwise and Bidder shall be liable for any additional cost incurred by the Recipient. If, after termination for failure to fulfill contract obligations, it is determined that Bidder was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the Recipient's convenience.

(j) Termination for Convenience or Default (Cost-Type Contracts). The Recipient may terminate this contract, or any portion of it, by serving a notice of termination on Bidder. The notice shall state whether termination is for convenience of the Recipient or for default of Bidder. If termination is for default, the notice shall state the manner in which Bidder has failed to perform the requirements of the contract. Bidder shall account for any property in its possession paid for from funds received from the Recipient, or property supplied to Bidder by the Recipient. If termination is for default, the Recipient may fix the fee, if the contract provides for a fee, to be paid to Bidder in proportion to the value, if any, of work performed up to the time of termination. Bidder shall promptly submit its termination claim to the Recipient and the parties shall negotiate the termination settlement to be paid to Bidder. If termination is for the Recipient's convenience, Bidder shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination. If, after serving a notice of termination for default, the Recipient determines that Bidder has an excusable reason for not performing, such as strike, fire, flood, events which are not the fault of and are beyond the control of Bidder, the Recipient, after setting up a new work schedule, may allow Bidder to continue work, or treat the termination as a termination for convenience.

19. Civil Rights Requirements

(a) Nondiscrimination - In accordance with Title VI of the Civil Rights Act, as amended, 42 USC 2000d, Sec. 303 of the Age Discrimination Act (1975), as amended, 42 USC 6102, Sec. 202 of the Americans with Disabilities Act (1990), 42 USC 12132, and 49 USC 5332, Bidder shall not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age or disability. Bidder shall take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Bidder shall also comply with any implementing requirements FTA may issue.

(c) Bidder shall include these requirements in each subcontract financed in whole or in part with FTA assistance, modified only if necessary to identify the affected parties.

20. Transit Employee Protective Agreements

If the contract involves transit operations financed in whole or in part with FTA assistance, the Bidder shall comply with the terms and conditions of the Special Warranty for the Urbanized Area Program that is most current, and any alternative comparable arrangement specified by U.S. DOL for application to the project, in accordance with U.S. DOL guidelines, "Section 5333(b), Federal Transit Law," 29 C.F.R. Seq., August 13, 2008.] Bidder shall also include any applicable requirements in each subcontract involving transit operations financed in whole or in part with FTA assistance.

21. Contract Work Hours and Safety Standards Act

(a) Overtime requirements - No Bidder or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.

(b) Violation; liability for unpaid wages; liquidated damages - In the event of any violation of the clause set forth in para. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in para. (a) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by the clause set forth in para. (a) of this section.

(c) Withholding for unpaid wages and liquidated damages - the municipal corporation shall upon its own action or upon written request of USDOL withhold or cause to be withheld, from any moneys payable on account of work performed by Bidder or subcontractor under any such contract or any other Federal contract with the same prime Bidder, or any other federally-assisted contract subject to the Contract Work Hours & Safety Standards Act, which is held by the same prime Bidder, such sums as may be determined to be necessary to satisfy any liabilities of such Bidder or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in para. (b) of this section.

(d) Subcontracts - Bidder or subcontractor shall insert in any subcontracts the clauses set forth in this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. Any charter service provided under one of the exceptions must be "incidental," i.e., it must not interfere with or detract from the provision of mass transportation.

23. School Bus Requirements

Pursuant to 49 U.S.C. 5323(F), 49 CFR Part 605, Recipients and Subrecipients of FTA assistance may not engage in school bus operations exclusively for the transportation of students and school personnel in competition with private school bus operators unless qualified under specified exemptions. Bidder's failure to so comply shall constitute a material breach of this contract.

25. Interest of Members or Delegates to Congress

No members of, or delegates to, the US Congress shall be admitted to any share or part of this contract nor to any benefit arising therefrom.

26. Cargo Preference - Use of United States Flag Vessels

The Bidder agrees to:

(a) Use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels;

(c) Include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

27. Fly America Requirements

The Bidder agrees to comply with 49 U.S.C. 40118 (the "Fly America" Act) in accordance with the General Services Administration's regulations at 41 CFR Part 301-10, which provide that Recipients and Subrecipients of Federal funds and their Bidders are required to use U.S. Flag air carriers for U.S Government-financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. The Bidder shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Bidder agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

28. Conformance with ITS National Architecture

Bidder shall conform, to the extent applicable, to the National Intelligent Transportation Standards architecture as required by SAFETEA-LU Section 5307(c), 23 U.S.C. Reg. 1455 et seq., January 8, 2001, and any other implementing directives FTA may issue at a later date, except to the extent FTA determines otherwise in writing.

29. Ineligible Bidders and Subcontractors

Any name appearing upon the Comptroller General's list of ineligible Bidders for federally-assisted contracts shall be ineligible to act as a subcontractor for Bidder pursuant to this contract. If Bidder is on the Comptroller General's list of ineligible Bidders for federally financed or assisted construction, the municipal corporation shall cancel, terminate or suspend this contract.

30. Government-Wide Debarment and Suspension

(a) Background and Applicability: In conjunction with the Office of Management and Budget and other affected Federal agencies, DOT published an update to 49 CFR Part 29 on November 26, 2003. This government-wide regulation implements Executive Order 12549, Debarment and Suspension, Executive Order 12689, Debarment and Suspension, and 31 U.S.C. 6101 note (Section 2455, Public Law 103-355, 108 Stat. 3327).

The provisions of Part 29 apply to all grantee contracts and subcontracts at any level expected to equal or exceed \$25,000 as well as any contract or subcontract (at any level) for Federally required auditing services. 49 CFR 29.220(b). This represents a change from prior practice in that the dollar threshold for application of these rules has been lowered from \$100,000 to \$25,000. These are contracts and subcontracts referred to in the regulation as "covered transactions." Grantees, Bidders, and Subcontractors (at any level) that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) they propose to contract or subcontract with is not excluded or disqualified.

They do this by (1) Checking the Excluded Parties List System, (2) Collecting a certification from that person, or (3) Adding a clause or condition to the contract or subcontract. This represents a change from prior practice in that certification is still acceptable but is no longer required; 49 CFR 29.300.

Grantees, Bidders, and Subcontractors who enter into covered transactions also must require the entities they contract with to comply with 49 CFR 29, subpart C and include this requirement in their own subsequent covered transactions (i.e., the requirement flows down to subcontracts at all levels).

(b) Instructions for Certification: By signing and submitting this bid or proposal, the prospective lower tier participant is providing the signed certification set out below.

(c) Suspension and Debarment

This contract is a covered transaction for purposes of 49 CFR Part 29. As such, the Bidder is required to verify that none of the Bidder, its principals, as defined at 49 CFR 29.995, or affiliates, as defined at 49 CFR 29.905, are excluded or disqualified as defined at 49 CFR 29.940 and 29.945.

Please read, sign and date the certification on the following page and return it with your bid proposal.

CERTIFICATION**

The Bidder is required to comply with 49 CFR 29, Subpart C and must include the requirement to comply with 49 CFR 29, Subpart C in any lower tier covered transaction it enters into. By signing and submitting its bid or proposal, the bidder or Bidder certifies as follows:

The certification in this clause is a material representation of fact relied upon by the Recipient. If it is later determined that the bidder or Bidder knowingly rendered an erroneous certification, in addition to remedies available to the Recipient, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or Bidder agrees to comply with the requirements of 49 CFR 29, Subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or Bidder further agrees to include a provision requiring such compliance in its lower tier covered transactions.
