Committee: Board of Public Works	Date: 6/7/2018
Common Council Item Number: ID #18-0885	Date: 6/19/2018
Submitted By: Fred Abadi, Director of Public Works	City Administrator Approval: Kevin Lahner, City Administrator
Finance Department Review: Rich Abbott, Finance Director	City Attorney's Office Review: Brian Running, City Attorney
Subject: Review and act on the contract Amendment No. 2 with Donohue & Associates, Inc. for post design services for the Greenmeadow Interceptor Project.	

Details:
Donohue & Associates, Inc. was retained by the City for the design of the Greenmeadow Interceptor Project. The original contract provides for services up to the commencement of construction. This amendment would extend services through the interceptor sewer construction phase (August 2018 through September 2019). The scope includes (attached):

- Pre-construction Conference
- RFI (Request for Information) Responses and Submittal Review
- Progress Meetings
- Construction Monitoring of Shaft Construction, Bedrock Mapping, Tunnel Break-in, and Horizontal Directional Drilled (HDD) crossing of Fox River

Lump Sum = \$213,990.00

Options & Alternatives:
There is not another viable alternative. As the design engineer of record, Donohue will have the most knowledge and familiarity with the plans and specifications and will be most able to provide support to the City and contractor as design and tunnel related questions arise during the construction phase of the project.

Financial Remarks:
This will be a Clean Water Fund Loan related expense
Account 7399.68290 71440 - \$213,990.00

Executive Recommendation:
Recommend approval of contract Amendment No. 2 with Donohue & Associates, Inc. for post design services for the Greenmeadow Interceptor Project.
