Subject: DNR Approval of Pretreatment Program Modification – Sewer Use Ordinance

Dear Mr. Young:

The Department has reviewed changes to the City of Waukesha's Pretreatment Program, specifically its Sewer Use Ordinance, submitted to the Department on January 10, 2018. These changes were reviewed for compliance with federal and state pretreatment regulations. The proposed changes comply with those regulations. Because they do not constitute significant changes to the City's Pretreatment Program, as defined in ch. NR 211.30 (7), Wis. Adm. Code, the Department is not required to publish a public notice regarding them.

Waukesha's sewer use ordinance changes submitted Jan. 10, 2018, are hereby approved as submitted.

Thank you for your cooperation throughout this process.

Sincerely,

A handwritten signature in cursive script that reads 'Robert Liska'.
