Meeting Agenda - Final with recommendation: Building and Grounds

Monday, July 20, 2015

7:00 PM

Council Chambers, City Hall
Use lower level glass door.

1. Call to Order

2. Approval of Minutes

[ID#15-2996](#) Approve the July 6, 2015 Buildings & Grounds Meeting Minutes

Attachments: [Building and Grounds Minutes 07-06-2015 - DRAFT](#)

3. Discussion and Recommendation re:

[ID#15-2998](#) Approve installation of "Deaf Child Area" signs on the 1100 block of Wisteria Lane.

Recommendation: Staff has reviewed this request to install "Deaf Child Area" warning signs on Wisteria Lane. The petitioner is located at 1147 Wisteria Lane. The resident is concerned with eastbound traffic coming off of Oakdale. The best location for signs would be eastbound Wisteria Lane west of Cottonwood near the alley and westbound near 1134 Wisteria. Staff supports the installation of these signs.
Recommended Motion: Move to approve installation of Deaf Child Area warning signs on eastbound Wisteria Lane, west of Alley 90 and on westbound Wisteria Lane at the eastern property line of 1134 Wisteria Lane.

[ID#15-2999](#) Remove the "No Parking" signs on Pebble Valley Road near Woodburn Road, directly across from 2505-2507 Pebble Valley Road.

Recommendation: Staff has reviewed this request and recommends to keep the existing no parking signs on the west side of Pebble Valley Road near 2505. The petitioners have requested this No Parking zone to be removed to allow for family members to park closer to the 2050 / 2507 Pebble Valley property. The parking zone that exists on the west side of Pebble Valley from Hunting Ridge to 150 feet north is there because of the bus stop at Hunting Ridge. The No Parking zone allows for busses to pull up to the curb without having a parked car in the way. Also, there is no guarantee that removing or adjusting the zone will provide available parking for specific people, others can park there as well. Staff recommends no action on this item.

[ID#15-3000](#) Install an All-Way Stop at the intersection of Scott Avenue & Estberg Avenue.

Recommendation: Engineering staff has reviewed this location for the installation of an All-Way stop control. Traffic counts and speed data were collected on Scott Avenue. Results from the volume study and speed study did not warrant installing an All-Way stop.

Staff is not in favor of installing an All-Way stop at this location and recommends no action on this item.

[ID#15-3001](#) Approve No Parking Here to Corner on the west side of Hyde Park Avenue from the corner of Chicago Avenue 30 feet north and on the east side of Hyde Park Avenue from the corner of Chicago Avenue 30 feet south.

Recommendation: Staff has brought this item to the committee for consideration. The reasoning for placing No Parking on Hyde Park 30 north and 30 feet south of Chicago is to reduce the number of drivers parking too close to the crosswalks which primarily happens during student pick up at nearby Blair school. Staff recommends placement of these signs. Recommended Motion: Move to install No Parking Here to Corner on the west side of Hyde Park Avenue from the corner of Chicago Avenue 30 feet north and on the east side of Hyde Park Avenue from the corner of Chicago Avenue 30 feet south.

Sponsors: E. Payne and Public Works
