OFFICE OF CLERK/TREASURER

CITY OF WAUKESHA

CITY HALL - 201 DELAFIELD ST.
WAUKESHA WI 53188-3692
CLERK 262-524-3550
TREASURER 262-524-3850
FAX 262-524-3888

THOMAS E. NEILL
CLERK/TREASURER

IN THE OFFICE OF THE CLERK OF THE CITY OF WAUKESHA, COUNTY OF WAUKESHA, STATE OF WISCONSIN

I, MARIE BIEBER, Deputy Clerk/Treasurer of the City of Waukesha, of the County of Waukesha, of the State of Wisconsin do hereby certify that the attached copy of an excerpt, regarding the adoption of Resolution 17-07 to establish boundaries of Redevelopment District No. 8, declare the area to be blighted, and approve the Redevelopment Plan for the District, from the minutes of the March 6, 2007 meeting of the Common Council of the City of Waukesha has been compared by me with the original on file in the office of Clerk of said City of Waukesha, and that the same is a true and correct copy of the original, and of the whole thereof, as the same now remains on file and of record in the Clerk's office.

*Done
3/21/07
Marie Bieber*

In testimony whereof I have hereunto set my hand and affixed the seal of said City of Waukesha, in said County and State this 19th day of March 2007.

Marie Bieber

**REGULAR MEETING OF THE COMMON COUNCIL OF THE CITY OF WAUKESHA
HELD IN THE COUNCIL CHAMBERS TUESDAY, MARCH 6, 2007 AT 7:30 P.M.**

Mayor: Larry Nelson presiding.

Present: Ald. Betker, Bull, Cummings, Furrer, Johnson, La Porte, Payne, Pieper, Radish, Tortomasi, Vitale, Waldenberger and Ybarra

Absent: Ald. Connors & Francoeur

I. Roll Call and Pledge of Allegiance

II. Public Comment – City Residents and Taxpayers Only - Limited to two minutes/speaker, ending at 8:00 p.m.
None

III. Approval of Minutes

Minutes of February 20th approved as submitted

IV. Communications

Petition for attachment for property pursuant to the Boundary Agreement with the City of Pewaukee for property at W264 S750 Huntley Ct. from Murray and Debra Jones
Referred to Plan Commission

V. Public Hearings – Format – Introduction by Professional Staff/Hearing/Comments by Council/Official Action
None

VI. Motion – Ald. Radish moved, second of Ald. Cummings and unanimous roll call vote (Ald. Bull & La Porte – absent) to go into closed session pursuant to Sec. 19.85(1)(g) and (e), Wis. Stats., to consult with legal counsel concerning radium consent order compliance and to confer with legal counsel regarding the purchase of property for the purpose of constructing a water well respectively.
Time: 7:38 p.m.

(Ald. Bull & Ald. La Porte arrived 7:45 p.m.)

VII. Upon conclusion of closed session a motion will be made to reconvene in open session.

Motion – Ald. Pieper moved, second of Ald. La Porte and unanimous vote to reconvene in open session. Time: 8:23 p.m.

VIII. Possible action on matters discussed in closed session.

Motion – Ald. Vitale moved to authorize staff's recommended counter offer to the Bielinski Corporation, second of Ald. Betker and unanimous vote.

IX. New Business

A. Resolution – Blight Report, Boundaries and Project Plan for Redevelopment District No. 8

Steve Crandell, Director of Community Development, said cities have very few tools to use to promote economic development within the community. He said they have community development block grants, tax incremental financing, and redevelopment districts. He said with all three of those tools, they have added a considerable amount of housing to the central city. In addition, they've added new and expanded retail opportunities, professional service, and cultural and recreational activities. He said most importantly, they've also added increment – increment that's been so important to complete the infrastructure downtown – which has also included the completion of the Fox River Corridor, which has been so instrumental in the transformation of the downtown. He said at the public hearings, they've really reacted to development versus planning for development. He said they've created redevelopment districts around development proposals that have been submitted. He said it has been successful. However, in Redevelopment District Numbers 6 and 8, they have the opportunity to really plan for development – to be proactive instead of reactive and actually setting the direction of the development within a designated area to ensure that the development in that area is consistent with the goals and objectives of the plan, but more importantly, will enhance and improve that neighborhood. He said as a city, meaning both the public and private sector, they have focused much of their time and attention on the downtown. He said they should continue to do so

because it is a very unique downtown. It is a historic downtown. He said they cannot let the abutting neighborhoods be neglected or ignored. He said the neighborhoods need to remain a viable place to live, run, or start a new business. He said if they let the neighborhoods decline, it will have an impact on the surrounding neighborhood, the downtown, and the City as a whole. He said these neighborhoods need to remain a viable place to live and work. He said they need to prepare a plan and implement that plan to ensure that that remains true. He said they need to be proactive to improve and maintain the stability of these neighborhoods. He said the action to date with respect to this plan has included two public hearings before the Redevelopment Authority. He said all of the property owner's questions were answered and they were given adequate opportunity to express their views and opinions with respect to the districts. In addition, it has been sent to the Redevelopment Authority and they approved it on February 21st. Last Wednesday, the Plan Commission also approved it. It was also presented to the Business Improvement District and they endorsed the plan. The boundaries create redevelopment corridors. Within those corridors, there are key properties that are suitable and prime for development. The project plan, the components of the plan that they have are dictated by the statutes. In addition, it sets forth the development procedure. Most important, it also designates the proposed land use within the area for future development. In addition, within this plan, as well as in every plan, they need to put a blight report together. That is a requirement under the state statutes. In addition to that, the item that creates the most anxiety would be the area they have to show for potential acquisition. The statutes require them to show areas that could be acquired for future development. Ten letters were received by the Redevelopment Authority with respect to the district. Five letters were in favor and five against. A number of people within the district stopped in and spoke to staff about the district. Many alderpersons also attended the public hearings. He said in conclusion, on behalf of the Redevelopment Authority, the City has and continues to use these redevelopment districts successfully. He said the central city is the heart of the community, and if they allow it to decline, it will have an impact on the entire community. He said they would ask for the Council's approval to adopt Redevelopment District No. 8.

Motion - Ald. Vitale moved to adopt Resolution 17-07 to approve the Waukesha Redevelopment District No. 8 boundaries, blight report, and redevelopment project plan, second of Ald. Betker.

Ald. Tortomasi asked if there was any mechanism in place to change the boundary line once it's established.

Mr. Crandell said it can be amended, but there is a process to go through.

Ald. Bull asked how they get financed.

Mr. Crandell explained this. He said the TIF would go hand in hand with the Redevelopment District.

Ald. Cummings asked who would or could amend the changes to the boundaries.

Mr. Crandell said the Redevelopment Authority and the Common Council.

Ald. Cummings asked, within the Redevelopment Authority, if all the historic homes have been identified and would they be saved.

Mr. Crandell said the plan has identified historic structures within the district, as well as historically significant structure within the district. It also indicates that every effort should be made to preserve those properties and make them an integral part of the redevelopment.

Ald. Radish said these neighborhoods have to be saved. He said he would continue to support these districts as long as they are supporting owner occupants.

Ald. Furrer spoke in favor of the motion.

Voting on motion to adopt Resolution 17-07 carried by unanimous vote.

B. Appointments

Motion - Ald. Betker moved, second of Ald. Furrer and unanimous vote to approve the following appointments:

**COMMON COUNCIL
RESOLUTION**

**WAUKESHA REDEVELOPMENT DISTRICT NO. 8
BOUNDARIES, BLIGHT REPORT, REDEVELOPMENT PROJECT PLAN**

WHEREAS, at the February 21, 2007 meeting, the Waukesha Redevelopment Authority, held a public hearing, said hearing to declare the area blighted and in need of blight elimination and to gain citizen comment on the boundaries and project plan.

WHEREAS, information regarding the blight (as defined by Section 66.1333 of the Wisconsin Statutes) was compiled in the "Blight Report for Waukesha Redevelopment District No. 8", a copy of which is attached and referred to in the action taken by the Authority; and,

WHEREAS, the Plan Commission at a meeting held February 28, 2007, took action to recommend the adoption of Waukesha Redevelopment District No. 8, and,

WHEREAS, the Common Council has recommended that the Boundaries of the district be designated as recommended by the Waukesha Redevelopment Authority and Plan Commission; and,

WHEREAS, the Common Council had determined that the area is blighted and in need of blight elimination as per the Blight Report, and has considered the proposed Boundaries and Redevelopment Project Plan.

THEREFORE, BE IT RESOLVED AS FOLLOWS:

1. That the Boundaries of Waukesha Redevelopment District No. 8, more specifically described in the exhibit attached hereto, be established as recommended by the Common Council.
2. The Redevelopment Project Plan is consistent with the city's Downtown/Central City Master Plan.
3. That the Redevelopment Project Plan for the area is hereby declared to be blighted as supported in the Blight Report for Waukesha Redevelopment District No. 8 and is in need of blight elimination and approves the Redevelopment Project Plan for said district.

Adopted, approved and recorded this 6th day of MARCH 2007.

Larry Nelson
Larry Nelson, Mayor

Attest:

Thomas E. Neill
Thomas E. Neill, City Clerk

REDEVELOPMENT PLAN
Waukesha Redevelopment District No. 8
City of Waukesha, Wisconsin

A. INTRODUCTION

Recognizing that obsolescence, deterioration and blight are a threat to the continued stability and vitality of the City of Waukesha as the business, governmental, institutional, and cultural heart of the region and as a focus of community pride and achievement, the City of Waukesha Master Plan Implementation Board has initiated this redevelopment project within the central city.

This project is proposed to be carried out and effectuated by the Redevelopment Authority of the City of Waukesha, (also known as the Waukesha Redevelopment Authority), pursuant to and in accordance with Chapter 66.1301-1331, Wisconsin Statutes, Urban Redevelopment Law and Blight Elimination.

B. DESCRIPTION OF THE REDEVELOPMENT PROJECT AREA

A. BOUNDARIES OF THE REDEVELOPMENT PROJECT AREA

The boundaries of the redevelopment project area are shown on Map No. 1 labeled Project Boundaries and include that portion of the City of Waukesha, Wisconsin bounded generally as follows:

(See attached)

B. REDEVELOPMENT PLAN OBJECTIVES

The following objectives have been established for the redevelopment of Waukesha Redevelopment District No. 8.

1. Eliminate obsolescent and deteriorating or deteriorated buildings, blight influences and environmental deficiencies which detract from the functional unity, aesthetic appearance and economic welfare of this important section of the central city and to prevent the recurrence of blight and/or blighting conditions.
2. Assemble land into parcels functionally adaptable with respect to shape and size for disposition and redevelopment in accordance with contemporary development needs and standards.
3. Remove impediments to redevelopment due to diversity of ownership.
4. Provide for orderly physical and economic growth of the central city through planned and controlled redevelopment.
5. Encourage coordinated redevelopment of parcels to achieve efficient building design, maximum utilization of sites, unified off-street parking and service facilities, and internal pedestrian connections and open spaces, giving consideration to the high standards of design for new development, rights-of-way, landscaping, and open spaces.
6. Achieve private redevelopment of the re-use land parcels that will add to the tax base of the City of Waukesha and stimulate activity in the central city.

C. TYPES OF PROPOSED REDEVELOPMENT ACTION

Proposed redevelopment action may include acquisition, clearance, sale and reuse of property with controls and restrictions on the new development, and construction of public and/or private parking and related facilities. This redevelopment plan may facilitate a new TIF District which would provide for development incentives.

C. LAND USE PLAN

000450 MAR 21 5

000000

A. PROPOSED LAND USE

The proposed land uses of the Waukesha Redevelopment District No. 8 are shown on the map attached hereto and made a part thereof, labeled Proposed Land Use, Map No. 3 and Existing Land Use are shown on Map No. 2.

The major land use categories for the project are commercial/office, residential and parking or a combination of said uses.

1. **Zoning Change:** Rezoning properties maybe necessary to implement the plan and accommodate proposed projects. Commercial and industrial properties may need to be rezoned to residential and residential properties may need to be rezoned to industrial and commercial.

B. PERMITTED LAND USES

The land uses permitted in the project areas are shown on Map No. 3 and are as follows:

AREA "A": MIXED USE COMMERCIAL AND RESIDENTIAL

Three areas have been identified within the district for redevelopment that would include commercial uses at the street level with residential units above. The first area is the block bounded by Williams Street, Maple Avenue, Grand Avenue and College Avenue. Currently this block houses a mix of industrial uses, commercial uses and a small number of residential units. There are also vacant properties and underused properties within this block. In this block there are 5 historic landmark buildings in varying states of repair. The north side of Williams Street should be rehabilitated to provide additional commercial opportunities on the first floors of the building. In addition, shared parking should be considered for this business district possibly at 242 Maple Ave. or 310 Williams St.

Along Grand Ave., College Ave., and Maple Avenue's redevelopment should take place to create a traditional urban shopping and living area. This area is adjacent to Carroll College and a large residential neighborhood. New buildings along Grand Avenue built along the sidewalk that provide parking in the rear would create an environment that would mirror the downtown and create a more pedestrian friendly shopping area. This area should have buildings that are two to three stories high with neighborhood commercial on the first floor and residential units above.

The property that runs along the east side of Maple Ave. should be used for Condominium development and / or commercial development. This area has less vehicular traffic and therefore may be better suited for a two or three story condo development such as town home walk-ups. However, the building at 223 Maple has recently been renovated for commercial and office use. This building should remain as such. Any new buildings should be built adjacent to the sidewalk with parking behind along the railroad tracks.

In an effort to coordinate business activities and improve the business climate in this area a business association should be created. This association should include business and property owners from the entire block. The association could coordinate activities and promotions as well as address various issues that may arise in the area.

The second area is located along the northwest side of St. Paul Ave. between Washington St. and Fairview. This area currently has 5 single family homes and 5 commercial properties. St. Paul Ave. is also STH 18, therefore the traffic is very heavy along this portion of the St. Paul Ave. Mixed use buildings with commercial on the street level and residential development on the second and third floors would be appropriate in this area. All access to these parcels should be from Fairview or Prairie Ave. at the rear of the properties and the parking should be in the rear as well. There currently is an alley that runs behind some of

the properties. This alley should be extended to serve the other parcels. Access off of Fairview or Prairie would help alleviate the traffic congestion that may occur if all access points were off St. Paul Ave. Neighborhood business and services should occupy the commercial spaces at the street level. Commercial spaces should have dual accesses with one off St. Paul for pedestrians and one of the rear parking areas for vehicular customers.

The final area is at the corner of Maple Ave. and West Main St. There are 2 commercial buildings at this location that should be refurbished on the first floor to accommodate commercial or retail activity. The second floors should be updated to accommodate residential uses.

Automobile sales businesses are not consistent with the type of neighborhood businesses that are envisioned for this district in the areas shown as commercial development. This type of use would not be the highest use of the land and is more appropriate in less dense areas of the city that call for expanded commercial uses.

AREA "B": MIXED USE OFFICE AND RESIDENTIAL

The area shown for mixed use office and residential redevelopment is south of Dunbar and alley 022 between Prairie Ave. and West Ave. and north of Marshall, Hamilton and Elizabeth Streets. There are two identified historic structures in this area that must be preserved. One of the historical sites is currently being used for manufacturing. The majority of the remaining properties are residential in use.

The long range plan for this area is to integrate a residential development on 572 Elizabeth St. into the existing residential fabric of the neighborhood. In addition, when the manufacturing use leaves 550 Elizabeth St. a use change should be made for this property to office and / or residential. This change in use would have less of a negative impact on the surrounding neighborhood as far as noise and truck traffic, and still allow the building to be reused at a high level of use. It is important that any changes done in the area fit into the existing spirit of the neighborhood.

AREA "C": RESIDENTIAL

There are six areas shown for residential redevelopment. The first area is south of Dunbar, west of Maple Ave., east of West Ave. and north of Central Ave. This area includes the Lindholm Building at 222 Maple Ave. that is a historic landmark and is currently used for the administration of the Waukesha School District. At such time that the school district no longer has use for the building the site should be redeveloped into an owner occupied residential development. This development should also include the property directly north of 222 Maple Ave. and the railroad right of way and is bounded by West Ave. and 242 Maple Ave.

The second area shown for residential redevelopment is bounded by Bethesda Park, Prospect Ave., Dunbar St. and West Ave. A large portion of this area is taken up by the YWCA building. This building is currently vacant and the site is ripe for redevelopment. The redevelopment of this property should be either single family homes or owner occupied multi-family residential. There is one historic landmark in this area at 327 Bethesda Ct. This building must be preserved.

The third area shown for residential redevelopment is bounded by Bethesda Park, Prairie Ave and St. Paul Ave. This area currently has a large multi-family development, Riverwalk Apartments, as well as single and two family homes along St. Paul Ave. and some commercial properties along St. Paul Ave. The properties along St. Paul Ave. should be redeveloped into a multi-family development. The units should be similar to town homes that have pedestrian access from St. Paul Ave. The vehicular access should be from Prairie Ave. to under ground parking or first floor garages. Vehicular access from Prairie would help alleviate traffic congestion that otherwise would occur. These parcels should be assembled for a single development.

The fourth area for redevelopment is shown along the south side of Motor Ave. between Prairie and Washington Ave. Currently there is a vacant parcel formerly used for parking for the hospital as well as 3

other residential properties and one additional vacant property. The vacant property in this area should be developed for residential uses. This could include single family or multi-family development.

Residential is also shown along Wisconsin Ave. This area has been zoned business for many years and has never made the transformation. The area would better serve as residential development and a transition area as you move into the downtown. The rebuilding of the church that was destroyed by fire in this area would also be encouraged.

The final area is the property currently owned by the school district located on College Ave. between Prairie Ave. and Walton Ave. This property houses two National Register historic buildings that should be preserved and converted to residential units. The balance of the property should be redeveloped to accommodate residential units that keep with the physical character and density of the existing neighborhood.

In all areas cited for residential development, the vision of this plan is to have units that are larger than single room units. Owner occupied units are also strongly encouraged in these areas.

AREA "D": PARK

The park area shown in this redevelopment district is Bethesda Park. There are no anticipated changes to the park.

AREA "E": INSTITUTIONAL

The area shown as Institutional on the map is anticipated for future Carroll College expansion and development.

C. REGULATIONS AND CONTROLS

All redevelopment within the redevelopment project area shall be subject to the Redevelopment Plan for the Waukesha Redevelopment District No. 8 and the codes, ordinances, regulation and laws of the City of Waukesha, Wisconsin as they now exist or hereafter may be amended and to State and Federal laws and regulations, as applicable, unless waivers or variances, as prescribed by law are granted or given. In the event the requirements, regulations and controls of this Redevelopment Plan differ from previous Redevelopment plans, this Redevelopment Plan shall apply for the Waukesha Redevelopment District No. 8.

The following additional regulations and controls shall govern the land uses permitted in the Redevelopment Plan.

1. PRELIMINARY PLAN REVIEW

The redeveloper shall submit preliminary plans for the proposed redevelopment of all or a portion of the Waukesha Redevelopment District No. 8 to the Waukesha Redevelopment Authority for review and prior to the execution of any contract for the disposition of land. Plans must be submitted for review by the Plan Commission, Redevelopment Authority and Common Council for approval. Such plans shall be processed through other public bodies or agencies for appropriate reviews and approvals, as required, prior to the execution of a contract to dispose of land.

2. FINAL PLAN REVIEW

The redeveloper shall submit final construction plans to the Plan Commission, Redevelopment Authority and Common Council for approval and final review prior to the deeding of land for redevelopment within the project area and any action is taken in the district. Such plans shall be processed through other public bodies or agencies for appropriate reviews and approvals, as required, prior to the execution of a contract to dispose of land.

3. DESIGN GUIDELINES

Projects in this Redevelopment District will be bound to follow the City of Waukesha Design Guidelines that currently apply to development in the central city. A copy of this document can be picked up in the City of Waukesha Community Development Department, City Hall, Room 200.

4. SIGN CONTROLS

An overall design of signs shall be submitted with the final plans and all signs shall be subject to review by the Waukesha Redevelopment Authority and the City of Waukesha Sign Review Board. The review of proposed signs shall be with respect to content, size, spacing, materials, method of attachment, orientation and number of signs.

The following are prohibitions regarding certain signs:

- a. Exterior billboards are prohibited.
- b. Exterior illuminated signs with flashing or animated illumination are prohibited.
- c. Signs shall not project above the roofline.

5. CODE ENFORCEMENT

The on going maintenance of privately held real estate is an important part of the revitalization of the district. Recognizing this, the City of Waukesha will make additional efforts, when possible to do additional code enforcement in the district.

6. LOCATION OF UTILITIES

All public and private utility distribution lines proposed within the boundaries of the redevelopment project area shall be located underground or subject to the approval of the Waukesha Redevelopment Authority or appropriate public bodies.

D. PROJECT PROPOSALS

A. LAND ACQUISITION

Potential property to be acquired in the Waukesha Redevelopment District No. 8 is identified on the Land For Acquisition, Map No. 4, attached hereto and made a part hereof.

Properties are identified for acquisition for one or more of the following purposes:

1. To remove buildings which are structurally substandard.
2. To remove buildings which are deteriorating or deteriorated.
3. To remove obsolete buildings not suitable for improvements or conversions.
4. To eliminate blight and blighting influences from the area.
5. To remove incompatible land uses or land use relationships.
6. To remove impediments to contemporary Business District development due to diversity of ownership.
7. To remove basically sound buildings in order to assemble land into parcels of adequate size and shape to meet contemporary development needs and standards and to allow construction to meet the objectives of the Redevelopment Plan for the project area.

B. LAND DISPOSITION

The potential land disposition parcels are shown on the Land For Disposition, Map No. 5, attached hereto and made a part hereof. Land will be sold, leased or otherwise disposed of to redeveloper who will be required by contractual agreement to redevelop in accordance with the Redevelopment Plan. The contract will clearly define the obligations of the redeveloper and the Waukesha Redevelopment Authority on behalf of the City of Waukesha.

1. SELECTION OF REDEVELOPERS

The Waukesha Redevelopment Authority will select a redeveloper based on a determination of his or her ability to carry out ones proposal, and conformance to the requirements and objectives of the Redevelopment Plan.

A public hearing will be held at the time of disposition of the property if such disposition is not competitively bid.

C. REDEVELOPERS OBLIGATIONS

The disposition of all lands shall be by means of a contract for sale or lease, which shall specify, among other things, that the purchaser or lessor shall:

1. Agree on behalf of himself or herself and heirs and assigns not to permit the sale, lease or use of property facilities thereon by any party who would use any part of the project area in a manner to permit discrimination or restriction on the basis of race, creed, color, sex, religion, or national origin and disability.
2. Agree to acquire land and commence and complete construction according to a schedule which shall be mutually agreed on.
3. Agree to provide a bond or other surety acceptable to the Waukesha Redevelopment Authority to insure performance under the contract of sale or lease upon obtaining permanent financing for the project.
4. Agree to submit plans to the Waukesha Redevelopment Authority for review and approval as to conformity with the Redevelopment Plan and other public bodies as required.
5. Agree that the property shall not be sold or transferred prior to certified completion of improvements without the prior written approval of the Waukesha Redevelopment Authority or other public bodies are required.
6. Agree that in the event of fire that the structure will be rebuilt unless written approval of the Waukesha Redevelopment Authority is given.

D. DURATION OF CONTROLS

The provisions, requirements, restrictions, and controls in the Redevelopment Plan shall remain in effect until January 1, 2016 and shall be subject to amendment and revision only upon review and approval by the Waukesha Redevelopment Authority as provided herein.

E. OTHER PROVISIONS TO MEET STATE REQUIREMENTS

The Blight Elimination and Slum Clearance Act States:

“Such redevelopment plan shall conform to the general plan for the city and shall be sufficiently complete to indicate its relationship to definite locate objectives as to appropriate land uses, improved traffic, public transportation, public utilities, recreational and community facilities, and other public improvements in the project

area, and shall include, without being limited to, a statement of the boundaries of the project area; a map showing existing uses and conditions of real property therein; a land use plan showing proposed uses of the area; information showing the standards of population density, land coverage and building intensity in the area after redevelopment; present and potential equalized value for property tax purposes; a statement of proposed changes, if any, in zoning ordinances; a statement as to the kind and number of site improvements and additional public utilities which will be required to support the new land uses in the area after redevelopment; and a statement of a feasible method for the relocation of families to be displaced from the project area.”

To satisfy these requirements, the following general statements and maps are included herein.

A. CONFORMANCE WITH GENERAL PLAN

The City of Waukesha is currently working on a 2020 Land Use Plan. It is anticipated that this Redevelopment Plan will be in conformity with that new plan.

1. APPROPRIATE LAND USE

It is anticipated that the land use proposed in this Redevelopment Plan will be in conformity with the new 2020 Land Use Plan.

2. TRAFFIC

No changes to traffic patterns would occur as part of this redevelopment district. Improvements to intersections and streets would be done as needed depending on development.

3. PUBLIC TRANSPORTATION

Development in area would take into account future mass transportation issues and attempt to accommodate future needs.

4. PUBLIC UTILITIES

The relocation of telephone, electric, gas, storm and sanitary sewer, which pass through the project area, may be necessary.

5. COMMUNITY FACILITIES

A public/private partnership to address the parking needs in the Williams St. area may be needed. This partnership may be needed to accommodate surface parking or mass transportation facilities.

6. OTHER PUBLIC IMPROVEMENTS

Streetscape and wayfinding improvements would be installed as part of the redevelopment efforts in the district.

B. PROJECT AREA BOUNDARIES

The project boundaries are described in Section II, A, and shown on Map No. 1, Project Boundaries and Redevelopment Areas, are attached hereto and made a part hereof.

C. EXISTING LAND USES

The existing land uses are shown on Map No. 2, labeled Project Boundaries, Existing Land Uses and Conditions of Real Property are attached hereto and made a part hereof. Of the total acreage in the district approximately 54% is commercial, 15% is tax exempt, <1% is manufacturing and 31% is residential.

D. LAND USE PLAN

The proposed land uses are shown on Map No. 3, Proposed Land Use, are attached hereto and made a part hereof.

E. REDEVELOPMENT STANDARDS

General planning, design and redevelopment standards and objectives are set forth in Part C of this Redevelopment Plan and the city of Waukesha Design Guidelines which can be obtained in the City of Waukesha Community Development Office at 201 Delafield St. Room 200.

F. EQUALIZED VALUE FOR PROPERTY TAX PURPOSES

The equalized value of the project area for property tax purposes is as follows:

Present assessed value of properties - \$24,330,900.00
 Potential value of redevelopment district projects \$15,000,000.00

G. PROPOSED ZONING CHANGES

Zoning changes will be addressed as needed as development proposals come forward to the City. The City realizes that zoning changes in the district may be necessary.

H. SITE IMPROVEMENTS AND PUBLIC UTILITIES

The following site improvements are generally anticipated to be provided to support the new land uses in the project area after redevelopment.

1. Construction of streetscape improvements in the district to promote orderly and harmonious development. In addition, a public parking ramp may be constructed.
2. Where deemed necessary by the Redevelopment Authority, public utilities may be relocated in district.
3. Removal of obsolete buildings and site clearance may be done to promote redevelopment.

I. FEASIBLE METHOD OF RELOCATION

The following constitutes the Relocation Plan to be implemented by the Waukesha Redevelopment Authority for the project area.

1. RELOCATION

The Waukesha Redevelopment Authority will provide for businesses and individuals the opportunity of being rehoused in accommodations which are decent, safe, and sanitary, and which are within their financial means and reasonably close to their present location. It is estimated that adequate relocation properties are either presently available or will be available during the relocation period. It is anticipated that householders within the project area will be relocated into private sales and private rental housing.

The Waukesha Redevelopment Authority will develop and implement a relocation assistance advisory program which shall be administered so as to provide advisory services which offer maximum assistance, to minimize the hardship of displacements, and to assure that all persons displaced from their dwellings are relocated into housing meeting established criteria and all persons displaced from their business are assisted in reestablishing with a minimum of delay and loss of earnings required by law.

2. RELOCATION PAYMENTS

The Waukesha Redevelopment Authority recognizes its responsibility to make relocation payments and to provide relocation assistance and services as contemplated by Wisconsin Statutes, Section 32.19 through 32.27 and shall further be guided by the Relocation Guidelines for the State of Wisconsin promulgated by Department of Development in carrying out the project area relocation program.

J. POPULATION DENSITY CONTROL

Residential density control will be recommended by the Redevelopment Authority and approved by the Plan Commission and Common Council.

K. HISTORIC PROPERTIES & OTHER PROPERTIES TO BE PRESERVED

Historic Buildings and other buildings shown to be preserved will be integrated in new development that occurs around them. When necessary historic buildings should be renovated and restored. Landmark designated buildings are noted on maps 4 and 5.

L. AMENDMENT PROCEDURE TO APPROVED PLAN

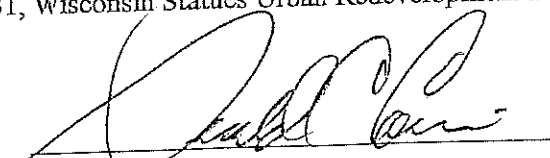

If the Waukesha Redevelopment Authority desires to amend this Redevelopment Plan, it may do so by approval of the Waukesha Common Council. Any revision to the project boundaries or contractual rights can be effectuated only in accordance with applicable state and local law.

F. FINANCING

To move projects along and support proposed projects funding may be found by the City through the creation of Tax Incremental Finance District or from the general fund.

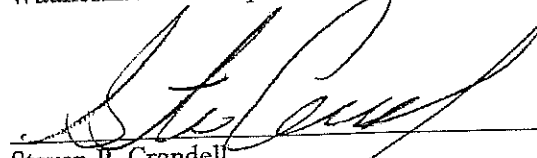

CERTIFICATION STATEMENT

The Waukesha Redevelopment Authority hereby certifies that the Redevelopment Plan for Redevelopment Project No. 8 is consistent with Sec. 66.1301 to 66.1331, Wisconsin Statutes Urban Redevelopment and Blight Elimination Law.

**PLAN COMMISSION
RESOLUTION**

**WAUKESHA REDEVELOPMENT DISTRICT NO. 8
BOUNDARIES, BLIGHT REPORT, REDEVELOPMENT PROJECT PLAN**

At their February 21, 2007 meeting, the Waukesha Redevelopment Authority held a Public Hearing, said hearing to declare the area blighted and in need of blight elimination and to gain citizen comment on the boundaries and project plan. Wisconsin Statutes requires that the blight reports, boundaries, and the project plan be submitted to the local legislative body and that the proposed project area be a blight area in need of blight elimination; and,

WHEREAS, information regarding the blight (as defined by Section 66.1333 of the Wisconsin Statutes) was compiled in the "Blight Report for Waukesha Redevelopment District No. 8"; and,

WHEREAS, the Plan Commission has recommended that the Boundaries of the project be designated as recommended in the Waukesha Redevelopment Authority (as attached); and,

WHEREAS, the Plan Commission had determined that the area is blighted and in need of blight elimination as per the Blight Report, and has considered the proposed Boundaries and Redevelopment Project Plan.

THEREFORE, BE IT RESOLVED AS FOLLOWS:

1. That the boundaries of Waukesha Redevelopment District No. 8 be established as recommended by the Redevelopment Authority as follows. (See attached)
2. That the Redevelopment Project Plan for the district is hereby adopted by the City Plan Commission.
3. The Redevelopment Project Plan is consistent with the city's adopted Downtown/Central City Master Plan.
4. That the Blight Report, Boundaries and Redevelopment Project Plan be submitted to the Common Council for consideration.

Adopted this _____ day of _____ 2007.

Larry Nelson, Mayor
