Re: National Register nomination for 617 Downing Drive.

Dear Property Owner(s):

As you know, the city hired a consultant, Traci Schnell of tes Historical Consulting, to prepare a nomination to add your property to the National Register of Historic Places. Funding for consulting fees came from a CLG Subgrant from the Wisconsin Historical Society.

Your house was identified as "potentially eligible" for listing on the National Register in the 2013 Intensive Survey of Historic Properties in Waukesha. After she completed her site visit Ms. Schnell informed us that a recent addition might make it ineligible. The Wisconsin Historical Society confirmed earlier this week that the house is now ineligible, so Ms. Schnell has stopped work on the application.

Your house may still be eligible to be listed as a Local Landmark. If you would like more information about Local Landmark status or the Landmarks Commission in general, please feel free to contact me.

Thank you very much for your cooperation thus far, both with the City and with Ms. Schnell. We apologize for any inconvenience this has caused you and for any failure to temper your expectations.

Let me know if you have any questions or if there is anything I can help you with.

Sincerely,

Charlie Griffith
Associate Planner
