Subject: Fire Code Updates	

Details: The Fire Department is requesting a change to Municipal Ordinance 21.01(3). This change will adopt the 2015 edition of the International Fire Code. We are currently using the 2009 edition of the same code. This change will match 2015 International Building Code that was recently adopted by the State of Wisconsin. This will allow the Fire Department to enforce a fire code at the local level that is consistent with the State of Wisconsin Building Code. These changes are required to be reviewed by the Plan Commission per State Statute 62.23(9)(B).

Options & Alternatives:
Keep the 2009 edition of the International Fire Code
