<b>Subject:</b> Review and Act on the Everstream MOU to use City Conduit and attach conduit to the South St. Parking Ramp	

**Details:**  
Everstream is a network service provider that specializing in fiber optics. In 2019 the City and Everstream partnered together to allow Everstream to over lash on our existing aerial cable and use our underground conduit in exchange for roughly \$1.5 million in fiber builds. Everstream has a need to use City conduit that was not part of the original contract. In exchange for using City Conduit from Maple Ave to the South Street Parking Ramp, and then attaching conduit to the South St. ramp to service one of their customers. Everstream will install a 48-strand fiber cable for the City. There is a need to increase fiber capacity between South St and the Library.

The design has been reviewed and approved by Engineering. If approved by ITB this item will go to Council for final approval.
