Subject: Review and act on Contract Amendment #1 with Ruekert & Mielke, Inc. for Design Engineering Services for Summit Avenue / Delafield Street.	

Details:

The section of Delafield Street between Bidwell Avenue and Prospect Avenue is in need of repair. The project limits currently extend to Bidwell Avenue. With this contract amendment totaling \$19,000, Ruekert & Mielke will design and provide project plans to reconstruct another 295 feet of Delafield Street from the existing limits at Bidwell Avenue to north of Prospect Avenue. The cost includes preparing the design drawings for street lighting, sanitary sewer and roadway plan and profile, cross section and intersection details.

Ruekert & Mielke designed and produced project plans for Summit Avenue and Delafield up to the limits being extended with this proposed amendment. In order to complete the additional reconstruction work, the City of Waukesha Department of Public Works recommends approving this contract amendment.

Options & Alternatives:

The work could be done in the future, but with State Contractors, Inc. working near the project limits of the additional work and already mobilized the work can be completed at a lower cost. In order to complete the additional reconstruction work, the City of Waukesha Department of Public Works recommends approving this contract amendment to design and provide project plans.
