Tim Young, Clean Water Plant Pretreatment Coordinator, presented this item. The amendment updates the 2022 version. The changes are recommended to make consistent the bond deposit and the City Attorney went through the entire ordinance and made adjustments. Main highlights have to do with sewer connection charge meter and specifications for installations and changes. Specifications for radio meters on the readers, changes to one-time sewer credit applications to provide consistency with bond deposit schedule; 29.06(K), is talking about permanent outhouse on property; 29.11(h) is the resident credit meters which phased out because of the sunset provision which ended in 2016. Under 29.11(h)(4) one-time credit meter for filling a pool and broken faucets would be discontinued. Ald. Pieper is open to adding the provisions back in for broken faucets and filling a pool. Staff reported that tracking the reason for the request was split 50/50 for broken hose bibs. Vice Chair Reilly stated that the home owner still pays for the water but gets a sewer credit. Members discussed and stated they can see the small credit for disasters and special circumstances. Therefore, amending the Ordinance to leave 29.11(h)(4) the same.

A motion was made by Ald. Joe Pieper, seconded by Member Steve Kassens, that the Amendment of Municipal Code Chapter 29 be recommended for approval with the amendment to the Ordinance retaining 29.11(h)(4). The motion carried by the following vote:

Aye: 4 - Steve Kassens, Chad O'Donnell, Kevin Reilly and Joe Pieper

Absent: 1 - Eric E. Payne
