1. Sewer lateral video. The existing building has a sanitary sewer lateral connecting the City's sewer main. Please provide a sewer lateral video to City for review and approval. Contact the City Engineering Department for the video format. If lateral maintenance is needed, then the lateral improvements may need to be included as part of this project. The lateral pipe and connection to the main may need to be lined or relayed to reduce infiltration into the City's sanitary sewer system or improve the structural integrity.

Notes:						
<p>1. The driveway entrance onto Hartwell Avenue is behind the railroad crossing gates which is dangerous for vehicle safety.</p> <p>2. A more safe driveway location would be to have an access easement for driveway across property located to south at 1009 N. Hartwell Avenue and utilize their approach.</p>
