Common Council Item Number: ID#25-00545	Date: 4/15/2025
Submitted By: Alex Damien, Public Works Director	City Administrator Approval: Anthony Brown, City Administrator
Finance Department Review: Joseph Ciurro, Finance Director	City Attorney's Office Review: Brian Running, City Attorney
Subject: Please install a solar powered crosswalk sign at Gascoigne and Pewaukee Rd.	

Details:
3/31/2025. This item was brought forward by Ald Eric Payne as a referral to add solar power cross signs at the intersection of Pewaukee Rd and Gascoigne Dr. Attached is a technical memorandum from the traffic engineering consultant, Ayres, which includes a review of the existing conditions, crash data, and provides a recommended alternative which is concurred with by internal Engineering staff.

Options & Alternatives:

1. Follow recommended signing installed by Ayres and Engineering staff.
2. Proceed with the installation of a solar powered crosswalk sign as requested in the original referral. This would result in a significantly higher cost than the recommended alternative.

Financial Remarks:
The costs for replacing two pedestrian crossing signs, two new additional pedestrian crossing signs, and one pedestrian crossing ahead signs would approximately be \$525. This would be charged to the 2025 Buildings and Grounds Sign Budget (3310.54140).

Executive Recommendation:
The Department of Public Works recommends replacing two pedestrian crossing signs, two new additional pedestrian crossing signs, and one pedestrian crossing ahead signs along Pewaukee Rd near Gascoigne Dr.
