Committee: Board of Public Works	Date: 3/9/2023
Common Council Item Number: ID #23-6267	Date: 3/21/2023
Submitted By: Alex Damien, Interim Director of Public Works	City Administrator Approval: Kevin Lahner, City Administrator
Finance Department Review: Joseph P. Ciurro, Finance Director	City Attorney's Office Review: Brian Running, City Attorney
Subject: Review and act on the Intergovernmental Cooperation Agreement with the City of Franklin	

Details:
As part of the Great Lakes Water Project, the City is installing fiber optic cable to the outflow station for the connectivity of the monitoring equipment required by the DNR. The City of Franklin has a fiber-optic project that shares the same path as a portion of our route. To avoid duplication of materials, effort, and cost, the City and Franklin have mutually agreed to share conduit and handholes along the route. The City of Waukesha and City of Franklin's IT Directors have been working out the details of this joint project, and have come to an agreement on the terms, which was approved by the City of Franklin Common Council on 02-07-2023.

Options & Alternatives:
None. This agreement with the City of Franklin was part of the plan since the outflow route was determined, as such the City did not build conduit along much of the return route, so to go back through and rebuild the underground conduit would be cost prohibitive.

Financial Remarks:
See options and alternative comment above.

Executive Recommendation:
Approve the Intergovernmental Cooperation Agreement with the City of Franklin.
